## RELEASE OF INTELLECTUAL PROPERTY SECURITY INTEREST

This RELEASE OF INTELLECTUAL PROPERTY SECURITY INTEREST (this “**Release**”), dated as of June 8, 2012 is made by BROWN BROTHERS HARRIMAN & CO., as administrative agent for the Secured Parties (the “**Administrative Agent**”), in favor of NEW CHAPTER, INC., a Delaware corporation (the “**Borrower**”) and each of the Subsidiaries of the Borrower from time to time party to the IP Agreement (as defined below) (hereinafter, collectively, the “**Subsidiary Guarantors**,” and, together with the Borrower and its successors in title and assigns, the “**Grantors**”).

### Statement of Facts

A. Pursuant to the Credit Agreement, dated as of June 1, 2009, by and among the Borrower, the Subsidiary Guarantors, the several financial institutions from time to time party to the Credit Agreement as Lenders thereunder, and the Administrative Agent (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the “**Credit Agreement**”), the Lenders agreed to make Loans to the Borrower.

B. Pursuant to the Credit Agreement, the Grantors agreed, upon the terms contained in the Credit Agreement and the Security Agreement (defined below), to grant to the Administrative Agent, for the benefit of the Secured Parties, continuing security interests in and Liens upon all Intellectual Property of the Grantors in order to secure all of the Obligations.

C. The Grantors granted to the Administrative Agent, for the benefit of the Secured Parties, continuing security interests in and Liens upon all of the Intellectual Property of the Grantors pursuant to and upon the terms and conditions contained in the Security Agreement, dated as of June 1, 2009, by and among the Borrower, the Subsidiary Guarantors, and the Administrative Agent (as amended, amended and restated, modified, supplemented or restated and effect from time to time, the “**Security Agreement**”).

D. Upon the terms contained in the Credit Agreement and the Security Agreement, the Grantors executed and delivered to the Administrative Agent, for the benefit of the Secured Parties, an Intellectual Property Security Agreement, dated as of June 1, 2009, which was supplemental to the Security Agreement (as amended, amended and restated, modified, supplemented or restated and effect from time to time, the “**IP Agreement**”).

E. Pursuant to the IP Agreement, the Grantors granted to the Administrative Agent, for the benefit of the Secured Parties, a continuing security interest in and Lien upon all of the rights, title and interests of the Grantors to, in and under all of the Intellectual Property.

F. The IP Agreement was recorded with the United States Patent and Trademark Office on June 2, 2009 with regard to certain Marks on Reel/Frame 003997/0935 and with regard to certain Patents on Reel/Frame 022764/0705 to confirm and evidence the Administrative Agent’s security interest in the Intellectual Property.

G. The Obligations secured by the Credit Agreement, Security Agreement, and IP Agreement have been repaid or otherwise satisfied.

H. The Administrative Agent desires that this Release be recorded with the U.S. Patent and Trademark Office to confirm and evidence the termination, release, extinguishment and discharge of the security interest in the Intellectual Property granted to the Administrative Agent, for the benefit of the Secured Parties, under the Credit Agreement, Security Agreement and IP Agreement.

NOW, THEREFORE, in consideration of the foregoing premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the Administrative Agent agrees as follows:

1. All capitalized terms used but not otherwise defined herein shall have the meanings given to them in the IP Agreement, or, if not defined therein, then in the Security Agreement, or, if not defined therein, then in the Credit Agreement.

2. Administrative Agent, on behalf of the Secured Parties, terminates, releases, extinguishes and discharges to the Grantors the continuing security interest in and Lien upon all of the rights, title and interests of the Grantors to, in and under all of the Intellectual Property and all other right, title and interest of the Administrative Agent therein and thereto, including but not limited to the Intellectual Property listed on Schedules I and II attached hereto.

3. The Administrative Agent hereby authorizes and acknowledges the termination of the IP Agreement and the Security Agreement. At the Grantors' expense, the Administrative Agent hereby agrees to duly execute, acknowledge, procure, and deliver any further documents and to do such other acts as may be reasonably necessary to affect the release of the security interest contemplated hereby and terminate the IP Agreement and the Security Agreement.

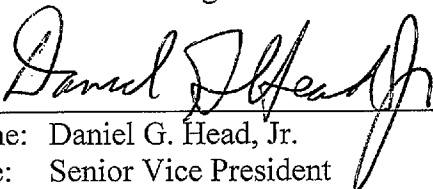

4. This Release has been executed and delivered by the Administrative Agent for the purpose of recording the release of security interest herein with the United States Patent and Trademark Office.

4. Delivery of the signature pages to this Release by facsimile, by electronic mail in "portable document format" (".pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document shall be as effective as delivery of manually executed counterparts of this Release.

[Signature Page Follows]

IN WITNESS WHEREOF, the Administrative Agent has caused this Release to be executed and delivered by its duly authorized officer or representative as of the date first above written.
