RECITALS

A. The Seller is entering into a Deferred Purchase Price Payment Acquisition Agreement dated as of the date hereof (as amended, restated, supplemented or otherwise modified from time to time, the "DPPP Acquisition Agreement") with the Lender, pursuant to which Seller is assigning and transferring title to the Assigned Interests to the Lender.

B. The Seller has entered into a Protective Rights Agreement dated as of the date hereof (as amended, restated, supplemented or otherwise modified from time to time, the "Protective Rights Agreement") with the Lender pursuant to which certain obligations owed to the Lenders are secured.

C. Pursuant to the terms of the Protective Rights Agreement, Seller has granted to the Lender, a security interest in certain assets of the Seller, including all right, title and interest of the Seller in, to and under the trademarks identified on Schedule 1 annexed hereto together with trademark licenses related thereto, to secure the payment and performance of all obligations owing by the Seller under the DPPP Acquisition Agreement and the Protective Rights Agreement.

In consideration of the mutual agreements set forth herein and in the DPPP Acquisition Agreement and the Protective Rights Agreement, the Seller does hereby grant to the Lender a continuing security interest in all of Seller's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired:

- (1) each trademark referred to in Schedule 1 annexed hereto, together with any reissues, continuations or extensions thereof and all goodwill associated therewith;
- (2) each trademark license with respect to the foregoing, together with all goodwill associated therewith; and
- (3) all products and proceeds of the foregoing, including, without limitation, any claim by the Seller against third parties for past, present or future infringement of any trademark included in the foregoing, including, without limitation, any trademark referred to in Schedule 1 annexed hereto, and any such trademark licensed under any trademark license

(items 1 through 3 being herein collectively referred to as the "Trademark Collateral").

This security interest is granted in conjunction with the security interests granted to the Lender pursuant to the Protective Rights Agreement and subject to limitations set forth therein. The

Seller hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the DPPP Acquisition Agreement and Protective Rights Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.
