TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT (this "Trademark Security Agreement"), dated as of December 31, 2012, is made by Dispensing Dynamics International, a California corporation ("DDI") and San Jamar, Inc., a Wisconsin corporation ("SJI", f/k/a The Colman Group, Inc. and, together with DDI, each a "Grantor" and, collectively, the "Grantors"), in favor of Wells Fargo Bank, National Association ("Wells Fargo"), as collateral agent (the "Indenture Collateral Agent"). Unless otherwise defined herein, defined terms used herein shall have the meaning given to them in the Pledge and Security Agreement.

RECITALS

WHEREAS, on the date hereof, Grantors, certain other Subsidiaries of DDI and Wells Fargo, as trustee and Indenture Collateral Agent, entered into that certain Indenture (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Indenture"), pursuant to which DDI, as issuer thereunder, has issued \$130,000,000 in aggregate principal amount of its 12.50% senior secured notes due 2018; and

WHEREAS, as a condition to the effectiveness of the Indenture, the Grantors entered into that certain Pledge and Security Agreement dated as of December 31, 2012 (as amended, restated, supplemented or otherwise modified from time to time, the "Pledge and Security Agreement") in favor of the Indenture Collateral Agent, pursuant to which each Grantor is required to execute and deliver this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the mutual agreements set forth herein and in the Indenture, the Grantors hereby agree with the Indenture Collateral Agent as follows:

SECTION 1. Grant of Security Interest in Trademark Collateral. Each Grantor hereby pledges, assigns and grants to the Indenture Collateral Agent a security interest in all of such Grantor's right, title and interest, whether now owned or hereafter acquired, in and to the following, to secure the prompt and complete payment and performance when due of the Obligations:

- (a) all trademarks (including service marks), trade names, domain names, trade dress, and trade styles and the registrations and applications for registration thereof including, without limitation, any of the foregoing referred to in Schedule A hereto, and the goodwill of the business symbolized by the foregoing; (b) all renewals of the foregoing; (c) all income, royalties, damages, and payments now or hereafter due or payable with respect thereto, including, without limitation, damages, claims, and payments for past and future infringements thereof; (d) all rights to sue for past, present, and future infringements of the foregoing, including the right to settle suits involving claims and demands for royalties owing; and (e) all rights corresponding to any of the foregoing throughout the world (collectively, the "Trademark Collateral");

provided, however, that there shall be excluded from the foregoing grant of security interest any intent-to-use trademark or service mark application prior to the filing of a

statement of use or amendment to allege use, or any other Intellectual Property Collateral to the extent that applicable law or regulation prohibits the creation of a security interest or would otherwise result in the loss of rights, or the voiding of such application, from the creation of such security interest or from the assignment of such rights upon the occurrence and continuance of an Event of Default.

SECTION 2. Termination. This Trademark Security Agreement shall terminate in accordance with Section 10.05 of the Indenture.

SECTION 3. Pledge and Security Agreement. This security interest is granted in conjunction with the security interests granted to the Indenture Collateral Agent pursuant to the Pledge and Security Agreement and is subject to limitations set forth therein. In the event of any conflict between any provision of this Trademark Security Agreement and any provision of the Pledge and Security Agreement, the Pledge and Security Agreement will govern. Each of the Grantors and the Indenture Collateral Agent hereby acknowledges and affirms that the rights and remedies of the Indenture Collateral Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Indenture and the Pledge and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

SECTION 4. Counterparts. This Trademark Security Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
