TRADEMARK SECURITY AGREEMENT

(Trademarks, Trademark Registrations, Trademark Applications and Trademark Licenses)

December 31, 2012

WHEREAS, each of the grantors listed on the signature pages hereto (each, a “**Grantor**”) owns, or in the case of licenses is a party to, the Trademark Collateral (as defined below);

WHEREAS, Tribune Company (the “**Company**”), the subsidiaries of Company party thereto as Borrowers (together with Company, collectively, the “**Borrowers**”), the other Guarantors party thereto, the Lenders party thereto, and Bank of America, N.A., as Agent, are parties to a Loan Agreement dated as of December 31, 2012 (as amended from time to time, the “**Credit Agreement**”); and

WHEREAS, pursuant to (i) a Guarantee and Security Agreement dated as of December 31, 2012 (as amended and/or supplemented from time to time, the “**Security Agreement**”) among the Borrowers, the Guarantors party thereto and Bank of America, N.A., as Agent for the Secured Parties referred to therein (in such capacity, together with its successors in such capacity, the “**Grantee**”), and (ii) certain other Security Documents (including this Trademark Security Agreement), each Grantor has secured certain of its Obligations (the “**Secured Obligations**”) and guaranteed certain obligations of the Borrowers and the other Guarantors, as applicable, and secured such guarantee (the “**Grantor’s Secured Guarantee**”) by granting to the Grantee for the benefit of such Secured Parties a continuing security interest in personal property of such Grantor, including all right, title and interest of such Grantor in, to and under the Trademark Collateral (as defined below);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby grants to the Grantee, to secure its Secured Obligations and Secured Guarantee, a continuing security interest in all of such Grantor’s right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the “**Trademark Collateral**”), whether now owned or existing or hereafter acquired or arising:

- (i) each Trademark (as defined in the Security Agreement) owned by such Grantor, including, without limitation, each Trademark registration and application referred to in Schedule 1 hereto, and all of the

goodwill of the business connected with the use of, or symbolized by, each Trademark;

(ii) each Trademark License (as defined in the Security Agreement) to which such Grantor is a party and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark licensed pursuant thereto; and

(iii) all proceeds of and revenues from the foregoing, including, without limitation, all proceeds of and revenues from any claim by such Grantor against third parties for past, present or future unfair competition with, or violation of intellectual property rights in connection with or injury to, or infringement or dilution of, any Trademark owned by such Grantor (including, without limitation, any Trademark identified in Schedule 1 hereto), and all rights and benefits of such Grantor under any Trademark License (including, without limitation, any Trademark License identified in Schedule 1 hereto), or for injury to the goodwill associated with any of the foregoing; *provided* that no security interest shall be granted in any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law.

Each Grantor irrevocably constitutes and appoints the Grantee and any officer or agent thereof, with full power of substitution, as its true and lawful attorney-in-fact with full power and authority in the name of such Grantor or in the Grantee's name, from time to time, in the Grantee's discretion, so long as any Event of Default shall have occurred and be continuing, to take with respect to the Trademark Collateral any and all appropriate action which such Grantor might take with respect to the Trademark Collateral and to execute any and all documents and instruments which may be necessary or desirable to carry out the terms of this Trademark Security Agreement and to accomplish the purposes hereof.

The foregoing security interest is granted in conjunction with the security interests granted by each Grantor to the Grantee pursuant to the Security Agreement. Each Grantor acknowledges and affirms that the rights and remedies of the Grantee with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

[The remainder of this page has been intentionally left blank.]

IN WITNESS WHEREOF, each of the Grantors has caused this Trademark Security Agreement to be duly executed by its officer thereunto duly authorized as of the date first written above.
