TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (“Assignment”) is made and entered into as of this 14th day of May, 2013, (“Effective Date”), by and between AirDat LLC, a Delaware limited liability company (“Assignor”), and Panasonic Avionics Corporation, a Delaware corporation (“Assignee”).

RECITALS

Assignor and Assignee are parties to an Agreement, dated as of April 3, 2013 (“Agreement”), pursuant to which Assignor has agreed to sell and Assignee has agreed to purchase all of Assignor’s assets as set forth in the Agreement.

Assignor is the sole and exclusive owner of the entire right, title and interest in, to and under the United States trademarks identified as follows, including variations thereof (collectively the “Marks”), and the goodwill of the business associated therewith:

Registration No.	Mark	Register
2916814	AIRDAT	Principal
4202323	AIRDAT	Supplemental
2978430	TAMDAR	Principal

Pursuant to the Agreement, these Marks are to be assigned to Assignee;

Assignee wishes to acquire and Assignor wishes to assign all right, title and interest in and to the Marks together with the goodwill of the business in connection with which the Marks are used.

ASSIGNMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee the entire right, title and interest in and to the marks together with the goodwill of the business in connection with which the Marks are used, and all registrations and applications therefor, in the United States and for all foreign countries, including any renewals and extensions for the registrations that are or may be secured under the laws of the United States and all foreign countries, now or hereafter in effect, for Assignee’s own use and enjoyment, and for the use and enjoyment of Assignee’s successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment and Agreement had not been made; together with all income, royalties or payments due or payable as the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Marks, with the right to

sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives. Assignor requests the Commissioner of Patents and Trademarks to record Assignee as the assignee and owner thereof.

Assignor hereby represents and warrants that its right, title and interest in and to the Marks set forth previously are free and clear of any liens and encumbrances, that it has full right to assign all of its interests therein, and that it has not executed and will not execute any agreement or other instrument in conflict with this Assignment.

Assignor shall provide to Assignee, its successors, assigns or other legal representatives, cooperation and assistance at Assignee's request and expense (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required): (1) in the preparation and prosecution of any application for registration or any application for renewal of a registration covering any of the Marks; (2) in the prosecution or defense of any interference, opposition, infringement or other proceedings that may arise in connection with any of the Marks, including without limitation, testifying as to any facts relating to the Marks assigned herein and this Assignment; (3) in obtaining any additional trademark protection for the Marks that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or for all foreign countries; and (4) in the implementation or perfection of this Assignment.

This Assignment may be executed in counterparts, any of which need not contain the signatures of more than one party, but all of which, taken together, will constitute one and the same agreement.
