TERMINATION AND RELEASE OF SECURITY INTEREST

THIS TERMINATION AND RELEASE OF SECURITY INTEREST (hereinafter referred to as the "Release") is made as of the 13th day of June, 2013 by Wells Fargo Capital Finance, LLC, a Delaware limited liability company, as agent for the lenders ("Releasor"), in favor of Exide Technologies, a Delaware corporation ("Releasee"). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Security Agreement or the Trademark Security Agreement, as applicable.

RECITALS

WHEREAS, Releasor and Releasee are parties to (i) that certain Security Agreement dated January 25, 2011 (the "Security Agreement") and (ii) that certain Trademark Security Agreement dated January 25, 2011 (the "Trademark Security Agreement"), which was recorded with the United States Patent and Trademark Office on January 25, 2011 at Reel 4460 and Frame 0240, pursuant to which Releasee unconditionally granted, assigned, and pledged to Releasor, for the benefit of each member of the Lender Group and each of the Bank Product Providers, to secure the Secured Obligations, a continuing security interest (the "Security Interest") in all of Releasee's right, title and interest in and to the following, whether then owned or thereafter acquired or arising (collectively, the "Trademark Collateral"):

- (a) all of its Trademarks and Trademark Intellectual Property Licenses to which it is a party, including those referred to on Schedule A hereto, except for any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law, provided that upon submission and acceptance by the PTO of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall be considered Trademark Collateral;
- (b) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark Intellectual Property License; and
- (c) all products and proceeds (as that term is defined in the Code) of the foregoing, including any claim by Releasee against third parties for past, present or future (i) infringement or dilution of any Trademark or any Trademarks exclusively licensed under any Intellectual Property License, including right to receive any damages, (ii) injury to the goodwill associated with any Trademark, or (iii) right to receive license fees, royalties, and other compensation under any Trademark Intellectual Property License.

WHEREAS, by execution of this Release, Releasor desires to grant to Releasee a termination and release of its Security Interest in and to the Trademark Collateral, including those Trademarks set forth on Schedule A hereto.

RELEASE

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Releasor hereby terminates, releases and discharges fully its Security Interest in and to the Trademark Collateral, including those Trademarks set forth on Schedule A hereto, and Releasor further assigns and transfers to Releasee, and unto Releasee's successors and assigns, all right, title, interest, claim, or demand whatsoever Releasor may have acquired in, through, or by said Trademark Security Agreement. Releasor hereby authorizes Releasee, or Releasee's authorized representative, to record this Release with the United States Patent and Trademark Office.

[Signature page follows immediately.]

IN WITNESS WHEREOF, the undersigned duly authorized officer has executed this Release, as of the date first above written.
