THIS IS NOT A LEGAL DOCUMENT.

Yes Pharma Services GmbH (the “Assignee”) meets the eligibility requirements of Trademark Manual of Examining Procedure (“TMEP”) sections 1002.01, 1002.04, 1006, et seq. because it is eligible for registration under §44(e), as the country that issued the underlying foreign registration (Germany) is the Assignee’s country of origin (Germany).

The Trademark Act does not require that the Assignee be the owner of the registration at the time of filing in the United States. See *In re De Luxe N.V.*, 990 F.2d 607, 26 USPQ2d 1475 (Fed. Cir. 1993). Therefore, examining attorneys should not require proof of assignment of the underlying foreign application or registration when an applicant assigns the United States application. TMEP §1006.

Yes Pharmaceutical Development Services GmbH (the “Applicant”) was the owner of the foreign registration on the filing date of the United States application under §44(e) filing basis. Accordingly, the Applicant may assign the US application to the Assignee without assigning the underlying foreign application or registration to that party. The Applicant need not submit proof of assignment of the underlying foreign registration in order for the assignment to be valid.
