TRADEMARK ASSIGNMENT

This Trademark Assignment ("**Assignment**") is entered into this 29th day of August, 2014 between Bayer Medical Care Inc., a Delaware corporation formerly known as MEDRAD, Inc. ("**Assignor**"), and Boston Scientific Limited, an Irish company with its principal place of business located in Bermuda ("**Assignee**").

Assignor, Bayer Healthcare LLC, Bayer R&I B.V., and Boston Scientific Corporation have entered into that certain Asset Sale and Purchase Agreement dated as of May 14, 2014, as amended (the "**Purchase Agreement**") (capitalized terms used herein and not defined shall have the meanings assigned to them in the Purchase Agreement);

Assignor has adopted and is the owner of certain trademarks and pending trademark applications identified on Exhibit 1 attached hereto (the "**Assigned Marks**"); and

Pursuant to the terms of the Purchase Agreement, Assignor has agreed to, among other things, sell, convey, transfer, assign and deliver to the Assignee all of Assignor's right, title, and interest in, to and under all the Assigned Marks.

NOW, THEREFORE, for good and valuable consideration set forth in the Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Transfer of Assigned Marks. Assignor hereby irrevocably sells, conveys, transfers, assigns and delivers to Assignee and its successors and assigns, all of Assignor's right, title, and interest in, to and under the Assigned Marks, together with all of the goodwill associated with any and all of the foregoing, any and all causes of action (in law or equity) and rights to sue, counterclaim and/or collect and recover for past, present or future infringement or dilution of, or damage or injury to, the Assigned Marks or such associated goodwill, and all rights to file for and maintain registrations, renewals and extensions of the Assigned Marks, the same to be held and enjoyed by Assignee, its successors, and permitted assigns. Assignor hereby irrevocably waives all moral rights or similar rights in the Assigned Marks insofar as it may lawfully do so in favor of Assignee and, for the avoidance of doubt, this waiver shall extend to Assignee's licensees and successors in title.

2. Further Assurances. Assignor shall execute and deliver, without any further consideration, any and all instruments and documents and take such further actions as may be necessary or reasonably requested by Assignee to give effect to the assignment and transfer contemplated hereby, including to document and record with the appropriate authorities such assignment and transfer, provided that Assignee shall be solely responsible for filing and recording such documents.

3. Authorizations. Assignor hereby authorizes and requests the Director of the United States Patent and Trademark Office, and any other official throughout the world whose duty is to register and record trademark registrations and applications therefor, to record Assignee as the owner of the applicable Assigned Marks.

4. Terms of the Purchase Agreement. Nothing contained in this Assignment shall be deemed to modify, limit, extend or amend any of the rights, obligations or representations and warranties of any party hereto under or in the Purchase Agreement and no additional representations and warranties, express, implied or otherwise (including, without limitation, warranties or merchantability and fitness for use or a particular purpose), shall be deemed to be created by this Assignment. In the event of any conflict or inconsistency between the terms of this Assignment and the Purchase Agreement, the terms of the Purchase Agreement shall control.

5. Counterparts. This Assignment may be executed manually or by facsimile or electronic signature by the parties, in any number of counterparts, each of which shall be considered one and the same agreement and shall become effective when a counterpart hereof shall have been signed by each of the parties and delivered to the other party. Assignee shall have the right to retain the Assignor's manual signature version.

6. Governing Law. This Assignment shall be construed, performed, and enforced in accordance with, and governed by, the internal laws of the State of Delaware, without giving effect to the principles of conflict of law thereof.

7. Successors; Assigns. This Assignment shall be binding upon and shall inure to the benefit of the parties thereto and their respective successors and permitted assigns.
