## TRADEMARK ASSIGNMENT AGREEMENT

**WHEREAS**, on January 20, 2015, Girl Skateboard Company, Inc., a California corporation (“**Girl**” or “**Assignor**”), in accordance with the assignment for benefit of creditor laws of the State of California, transferred ownership of all of its right, title and interest in and to all of its assets to GSC (assignment for the benefit of creditors), LLC, a California limited liability company (“**Assignee**”), and, in so doing, designated Assignee to act as the assignee for the benefit of creditors of Assignor (the “**General Assignment**”);

**WHEREAS**, Assignor and Assignee desire to memorialize the transfer of Assignor’s trademarks and related rights to Assignee.

**WHEREAS**, pursuant to the General Assignment, Assignor has conveyed, assigned, transferred, delivered and set over to Assignee, its successors and assigns, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, all right, title and interest in and to any and all trademark rights and copyrights throughout the world, including without limitation, all registered and unregistered trademarks, service marks, logos, trade names, trade dress, domain names, social media account names, and other source identifiers, including without limitation (i) registered trademarks and service marks (the “**Trademark Registrations**”), and (ii) the applications for trademark and service mark registrations (the “**Trademark Applications**”), together with the goodwill of the business associated with and symbolized by same, held by Assignor immediately prior to the consummation of the General Assignment, including those set forth in **Schedule A** hereto, together with all common law rights therein and the right to sue for past infringement of any and all of said trademarks.

**NOW, THEREFORE, BE IT KNOWN**, Assignor does hereby irrevocably grant, sell, convey, transfer, assign, deliver and relinquish exclusively to the Assignee, in perpetuity, all of its respective worldwide rights, title, and interests in and to all of the Trademarks, including without limitation the Trademark Registrations and Trademark Applications, and all goodwill associated therewith or symbolized thereby, all common law rights thereto, all registrations that have been or may be granted thereon, all applications for registration thereof, all records and files relating to said Trademarks, and all foreign counterparts thereof, together with rights of priority and protection of interest in such Trademarks and all administrative rights relating thereto, including without limitation the right to prosecute registration applications and oppose or seek to cancel third party registrations, and all choses-in-action pertaining thereto, including without limitation, the right to bring an action at law or in equity for any infringement, dilution or violation of any of the Trademarks occurring prior to the date hereof, and to collect all damages, settlements and proceeds relating to the Trademarks.

Notwithstanding anything to the contrary contained herein, the Trademarks shall not include any Trademark Application that would be deemed invalidated, canceled or abandoned due to the contribution, assignment and/or conveyance of the Trademarks hereunder, including without limitation all United States trademark applications that are based on an intent-to-use, unless and until such time that the contribution, assignment and/or conveyance will not cause the invalidation, cancellation or abandonment of such trademark application.
