GRANT OF
SECURITY INTEREST IN TRADEMARK RIGHTS

This GRANT OF SECURITY INTEREST IN TRADEMARK RIGHTS (“Agreement”), effective as of January 23, 2015 is made by Columbus McKinnon Corporation, a New York corporation, Yale Industrial Products, Inc., a Delaware corporation, and Unified Industries Incorporated, a Michigan corporation, together (the “Grantors”), in favor of JPMorgan Chase Bank, N.A., as Administrative Agent (the “Administrative Agent”) for the several banks and other financial institutions (the “Lenders”), parties to the Credit Agreement, dated as of January 23, 2015 (as amended, supplemented or otherwise modified from time to time, the “Credit Agreement”), among Columbus McKinnon Corporation, (“Borrower”), the Lenders, and the Agent.

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the Lenders have severally agreed to make Loans and other extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein; and

WHEREAS, in connection with the Credit Agreement, the Borrower has executed and delivered a U.S. Security Agreement, dated as of January 23, 2015, in favor of the Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the “U.S. Security Agreement”);

WHEREAS, pursuant to the U.S. Security Agreement, the Borrower pledged and granted to the Agent for the benefit of the Agent and the Lenders a continuing security interest in all Intellectual Property, including the Trademarks; and

WHEREAS, the Borrower has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the Lenders to make Loans and other financial accommodations to the Borrower pursuant to the Credit Agreement, the Borrower agrees, for the benefit of the Administrative Agent and the Lenders, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement and the U.S. Security Agreement.

SECTION 2. Grant of Security Interest. The Grantors hereby pledge and grants a continuing security interest in, and a right of setoff against, and agrees to assign, transfer and convey, upon demand made upon the occurrence and during the continuance of an Event of Default without requiring further action by either party and to be effective upon such demand, all of the Grantors' right, title and interest in, to and under the Trademarks (including, without limitation, those items listed on Schedule A hereto) (collectively, the "Collateral"), to the Agent for the benefit of the Agent and the Lenders to secure payment, performance and observance of the Obligations.

SECTION 3. Purpose. This Agreement has been executed and delivered by the Borrower and other Grantors for the purpose of recording the grant of security interest herein with the United States Trademark Office. The security interest granted hereby has been granted to the Lenders in connection with the U.S. Security Agreement and is expressly subject to the terms and conditions thereof. The U.S. Security Agreement (and all rights and remedies of the Lenders thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. The Borrower does hereby further acknowledge and affirm that the rights and remedies of the Lenders with respect to the security interest in the Collateral granted hereby are more fully set forth in the Credit Agreement and the U.S. Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the U.S. Security Agreement, the terms of the U.S. Security Agreement shall govern.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
