INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of November 7, 2014 (the "Agreement") between BRIDGE BANK, NATIONAL ASSOCIATION ("Lender") and Motus, LLC, a Delaware limited liability company ("Grantor") is made with reference to the Loan and Security Agreement, dated as of November 7, 2014 (as amended, restated, amended and restated, supplemented and/or otherwise modified from time to time, the "Loan Agreement"), between Lender and Grantor. Capitalized terms used but not defined herein have the meaning given to them in the Loan Agreement.

For good and valuable consideration, receipt of which is hereby acknowledged, Grantor hereby covenants and agrees as follows:

To secure the Obligations under the Loan Agreement, Grantor grants to Lender a security interest in all right, title, and interest of Grantor in any of the following, whether now existing or hereafter acquired or created in any and all of the following property (collectively, the "Intellectual Property Collateral"):

(a) copyright rights, copyright applications, copyright registrations and like protections in each work or authorship and derivative work thereof, whether published or unpublished and whether or not the same also constitutes a trade secret, now or hereafter existing, created, acquired or held (collectively, the "Copyrights"), including the Copyrights described in Exhibit A;

(b) trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Borrower connected with and symbolized by such trademarks (collectively, the "Trademarks"), including the Trademarks described in Exhibit B;

(c) patents, patent applications and like protections including without limitation improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same (collectively, the "Patents"), including the Patents described in Exhibit C;

(d) mask work or similar rights available for the protection of semiconductor chips or other products (collectively, the "Mask Works");

(e) trade secrets, and any and all intellectual property rights in computer software and computer software products;

(f) design rights;

(g) claims for damages by way of past, present and future infringement of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of the intellectual property rights identified above;

(h) licenses or other rights to use any of the Copyrights, Patents, Trademarks, or Mask Works, and all license fees and royalties arising from such use to the extent permitted by such license or rights;

(i) amendments, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

(j) proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.

Notwithstanding anything to the contrary contained in the foregoing, Intellectual Property Collateral shall not include any: (1) any permit, license, contract or lease to the extent that (and in each case only for so long as) such grant of a security interest is prohibited by any applicable laws or is prohibited by, or constitutes a breach or default under or results in the termination of or gives rise to a right on the part of the parties thereto other than Borrower to terminate, such permit, license, contract or lease, except to the extent that such laws or the terms of such permit, license, contract or lease providing for such prohibition, breach, default or right of termination are ineffective or rendered unenforceable under applicable laws (including the Code); or (2) any "intent to use" Trademark applications for which a statement of use has not been filed (but only until such statement is filed); provided however, that, notwithstanding the foregoing, a security interest shall be, and is hereby, granted in (A) any property immediately upon such property ceasing to be Excluded Property

and (B) any and all proceeds, products, substitutions and replacements of Excluded Property to the extent such proceeds, products, substitutions and replacements do not themselves constitute Excluded Property.

This Agreement has been entered into pursuant to and in conjunction with the Loan Agreement, which is hereby incorporated by reference. The provisions of the Loan Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of Lender with respect to the Intellectual Property Collateral are as provided by the Loan Agreement and related documents, and nothing in this Agreement shall be deemed to limit such rights and remedies. Each right, power and remedy of Lender provided for herein or in the Loan Agreement, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein, and the exercise by Lender of any one or more of such rights, powers or remedies does not preclude the simultaneous or later exercise by Lender of any other rights, powers or remedies. This Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and assigns. Articles 11 and 12 of the Loan Agreement shall be incorporated herein mutatis mutandis.

This Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Agreement. A manual signature on this Agreement or other documents to be delivered pursuant to this Agreement, an image of which shall have been transmitted electronically (including by fax or .pdf), will constitute an original signature for all purposes. The delivery of copies of this Agreement or other documents to be delivered pursuant to this Agreement, including executed signature pages where required, by electronic transmission will constitute effective delivery of this Agreement or such other document for all purposes.
