- (i) each United States or foreign trademark, service mark and trade name now held or hereafter acquired by such Grantor, including any registration or application for registration of any trademarks and service marks now held or hereafter acquired by such Grantor, which are registered in the United States Patent and Trademark Office or the equivalent thereof in any State of the United States or in any foreign country, as well as any unregistered marks used by such Grantor, and any trade dress including logos, designs, company names, business names, fictitious business names and other business identifiers used by such

(ii) all products and proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future infringement or dilution of any Mark including, without limitation, any Mark referred to in Schedule 1 annexed hereto, or for injury to the goodwill associated with any Mark.

This security interest is granted in conjunction with the security interests granted to the Grantee pursuant to the Credit Agreement. Grantors do hereby further acknowledge and affirm that the rights and remedies of Grantee with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Credit Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.
