WITNESSETH:

WHEREAS, reference is made to that certain Credit Agreement, dated as of February 11, 2016 (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Credit Agreement"), by and among, *inter alia* (i) Quiksilver, Inc., as the Borrower, (ii) the Guarantors from time to time party thereto, (iii) OCM Big Wave LLC, as Lender, and (iv) OCM FIE, LLC as Administrative Agent, pursuant to which the Lenders have agreed to make Loans to the Borrower, upon the terms and subject to the conditions specified in the Credit Agreement (capitalized terms used herein and not defined herein shall have the meanings assigned to such terms in the Credit Agreement);

WHEREAS, reference is also made to that certain Guaranty, dated as of February 11, 2016 (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Guaranty"), executed by the Guarantor(s) in favor of the Administrative Agent pursuant to which each Guarantor guarantees the payment and performance of the Guaranteed Obligations (as defined in the Guaranty); and

WHEREAS, the obligations of the Lenders to make Loans are each conditioned upon, among other things, the execution and delivery by the Grantors of (i) that certain Security Agreement, dated as of February 11, 2016 (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Security Agreement"), by and among the Grantors and the Administrative Agent, pursuant to which each Grantor grants to the Administrative Agent (for its own benefit and the benefit of the other Credit Parties) a security interest in and to the Collateral (as defined herein), and (ii) an agreement in the form hereof, pursuant to which each Grantor grants to the Administrative Agent (for its own benefit and the benefit of the other Credit Parties) a security interest in and to the IP Collateral (as defined herein), in order to secure the Secured Obligations (as defined herein).

Except as set forth below in this SECTION 3, each of the Grantors shall undertake the following with respect to each of the items respectively described in SECTIONS 2(a), (b), (c), (d), (e) and (f) (collectively, the "Intellectual Property"):

(a) Pay all renewal fees and other fees and costs associated with maintaining the Intellectual Property owned by such Grantor and with the processing and prosecution of the Intellectual Property owned by such Grantor and take all other steps reasonably necessary to maintain each registration of the Intellectual Property owned by such Grantor, except, in each case, to the extent that such Intellectual Property is no longer used or useful in the conduct of such Grantor's business in any material respect.

(b) Take all actions reasonably necessary to prevent any of the Intellectual Property owned by such Grantor from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way, except, in each case, to the extent that such Intellectual Property is no longer used or useful in the conduct of such Grantor's business in any material respect.

(c) At the Grantors' sole cost, expense, and risk, reasonably pursue the processing and prosecution of each application for registration owned by such Grantor which is the subject of the security interest created herein and not unreasonably abandon or delay any such efforts, except, in each case, to the extent that such Intellectual Property is no longer used or useful in the conduct of such Grantor's business in any material respect.

(d) At the Grantors' sole cost, expense, and risk, take any and all action which the Grantors reasonably deem necessary or desirable under the circumstances to protect the Intellectual Property owned by such Grantor from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions, except, in each case, to the extent that such Intellectual Property is no longer used or useful in the conduct of such Grantor's business in any material respect.

SECTION 4. Grantors' Representations and Warranties. In addition to any representations and warranties contained in any of the other Loan Documents, each Grantor represents and warrants that:

(a) EXHIBIT A is a true, correct and complete list, as of the Closing Date, of all United States Copyrights owned by such Grantor which are the subject of a registration or application for registration with the Copyright Office or other applicable

Governmental Authority in the United States (including any political subdivision thereof).

(b) EXHIBIT B is a true, correct and complete list, as of the Closing Date, of all United States Patents owned by such Grantor which are issued by or the subject of an application with the PTO or other applicable Governmental Authority in the United States (including any political subdivision thereof).

(c) EXHIBIT C, is a true, correct and complete list, as of the Closing Date, of all United States Industrial Designs owned by such Grantor which are the subject of a registration or application for registration with the PTO or other applicable Governmental Authority in the United States (including any political subdivision thereof).

(d) EXHIBIT D, is a true, correct and complete list, as of the Closing Date, of all United States Trademarks owned by such Grantor which are the subject of a registration or application for registration with the PTO or other applicable Governmental Authority in the United States (including any political subdivision thereof).

(e) Such Grantor owns, or is licensed or otherwise has the rights to use, all Intellectual Property reasonably necessary for the conduct of its business as currently conducted except as would not reasonably be expected to have a Material Adverse Effect. As of the Closing Date, no claim has been asserted and is pending by any Person against such Grantor challenging the use by such Grantor of any of its Intellectual Property, or the validity or effectiveness of any of its Intellectual Property, that would reasonably be expected to have a Material Adverse Effect. To the knowledge of such Grantor, the use by such Grantor of the Intellectual Property does not infringe the rights of any Person, except, in each case, as would not reasonably be expected to have a Material Adverse Effect. As of the Closing Date, no holding, decision or judgment has been rendered by any Governmental Authority against such Grantor which would limit, cancel or challenge the validity of, or such Grantor's rights in, any Intellectual Property in any respect that would reasonably be expected to have a Material Adverse Effect.

(f) Such Grantor shall give the Administrative Agent prompt written notice, with reasonable detail, following the occurrence of a Responsible Officer of such Grantor's knowing that any application or registration relating to any Intellectual Property owned by such Grantor has, other than as provided in SECTION 3 above, become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal, other than routine office actions and similar developments) regarding such Grantor's ownership of, or the validity or enforceability of, any Intellectual Property owned by such Grantor or such Grantor's right to register the same or to own and maintain the same, for each of the foregoing, except to the extent that (i) such Intellectual Property is no longer used or useful in such Grantor's business in any material respect or (ii) any such forfeiture, abandonment, dedication, adverse determination or development would not reasonably be expected to result in a Material Adverse Effect.

SECTION 5. Agreement Applies to Future Intellectual Property.

(a) The provisions of this Agreement shall automatically apply to any ownership and other rights in and to additional Intellectual Property obtained by any Grantor after the date hereof, all of which shall be deemed to be and treated as “Intellectual Property” within the meaning of this Agreement (other than Excluded Assets). Within the time frames set forth in Schedule 6.02 to the Credit Agreement, each Grantor shall notify the Administrative Agent of any item of IP Collateral which is the subject of a registration or application with the PTO, the Copyright Office or other Governmental Authority in the United States (including any political subdivision thereof) in which such Grantor obtained an ownership interest after the Closing Date (or, as the case may be, after the most recent notification pursuant to this SECTION 5) and during such Fiscal Year, and hereby authorizes the Administrative Agent to file, at such Grantor’s expense, an updated Exhibit A, B and/or C (as applicable) to this Agreement with respect to such IP Collateral as set forth in SECTION 5(b).

(b) Each of the Grantors shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Administrative Agent may reasonably request to evidence the Administrative Agent’s security interest in any Intellectual Property (including, without limitation, filings with the PTO, the Copyright Office or other applicable Governmental Authority in the United States (including any political subdivision thereof)), and each of the Grantors hereby constitutes the Administrative Agent as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, that the Administrative Agent’s taking of such action shall not be a condition to the creation or perfection of the security interest created hereby, provided further that no Grantor shall be obligated to take any such actions with respect to any Intellectual Property registered, applied for, or otherwise existing in any jurisdiction outside of the United States.

SECTION 6. Grantors’ Rights To Enforce Intellectual Property. Except while an Event of Default exists and until such time as the Administrative Agent provides notice to the contrary, the Grantors shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property, including the right to seek injunctions and/or money damages in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties, provided, however, that:

(a) The Grantors provide the Administrative Agent with written notice of the Grantors’ institution of any legal proceedings alleging infringement of any Intellectual Property, to the extent such infringement would reasonably be expected to have a Material Adverse Effect.

(b) Subject to the terms of the Intercreditor Agreement, any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(c) Upon the occurrence and during the continuance of any Event of Default, the Administrative Agent, by prior written notice to the Grantors, may terminate or limit the Grantor's rights under this SECTION 6.

SECTION 7. Administrative Agent's Actions To Protect Intellectual Property. In the event of the occurrence and continuance of any Event of Default, the Administrative Agent, acting in its own name or in that of any Grantor, may (but shall not be required to) act in any Grantor's place and stead and/or in the Administrative Agent's own right in connection with any reasonable actions necessary to protect the Intellectual Property.

SECTION 8. Rights Upon Default. Upon the occurrence and during the continuance of an Event of Default, in addition to all other rights and remedies under this Agreement and the other Loan Documents, the Administrative Agent may (and, at the direction of the Required Lenders, shall) exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the State of New York, with respect to the Intellectual Property, in addition to which the Administrative Agent may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property, subject to those restrictions to which such Grantor is subject under applicable Law and by contract. Any person may conclusively rely upon an affidavit of an officer of the Administrative Agent that an Event of Default has occurred and that the Administrative Agent is authorized to exercise such rights and remedies.

SECTION 9. Administrative Agent As Attorney-In-Fact.

(a) Each of the Grantors hereby irrevocably makes, constitutes and appoints the Administrative Agent (and all officers, employees or agents designated by and acting on behalf of the Administrative Agent) as and for such Grantor's true and lawful agent and attorney-in-fact, and in such capacity the Administrative Agent shall have the right, with power of substitution for each Grantor and in each Grantor's name or otherwise, for the use and benefit of the Administrative Agent and the other Credit Parties:

(i) To supplement and amend from time to time EXHIBITS A, B and C of this Agreement to include any newly applied for, registered, or acquired Intellectual Property of such Grantor which is the subject of a registration or application with the PTO, the Copyright Office, or other applicable Governmental Authority in the United States (including any political subdivision thereof) (other than Excluded Assets) and any intent-to-use Trademark applications for which evidence of use of such Trademark in interstate commerce use has been submitted to the PTO pursuant to 15 U.S.C. § 1051 Section 1(c) or 1(d).

(ii) Following the occurrence and during the continuance of any Event of Default, to exercise any of the rights and remedies referenced herein.

(iii) Following the occurrence and during the continuance of any Event of Default, to execute all such instruments, documents, and papers as the Administrative Agent reasonably determines to be necessary or desirable in connection with the exercise of such rights and remedies and to cause the sale,

license, assignment, transfer, or other disposition of the Intellectual Property, subject to those restrictions to which such Grantor is subject under applicable Law and by contract.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Administrative Agent.

(c) The Administrative Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by SECTION 9(a), but if the Administrative Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to any Grantor for any act or omission to act, except where a court of competent jurisdiction determines by final and nonappealable judgment that the subject act or omission to act has resulted from the gross negligence or willful misconduct of the Administrative Agent.

SECTION 10. Administrative Agent's Rights. Any use by the Administrative Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Administrative Agent's rights and remedies under, and in accordance with, this Agreement, the Credit Agreement and the Security Agreement shall be coextensive with the applicable Grantor's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

SECTION 11. Intent. This Agreement is being executed and delivered by the Grantors for the purpose of registering and confirming the grant of the security interest of the Administrative Agent in the IP Collateral with the PTO, the Copyright Office or other applicable Governmental Authority in the United States (including any political subdivision thereof). It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest granted to the Administrative Agent, for its own benefit and the benefit of the other Credit Parties, under the Security Agreement. All provisions of the Security Agreement (including, without limitation, the rights, remedies, powers, privileges and discretions of the Administrative Agent thereunder) shall apply to the IP Collateral. In the event of a conflict between this Agreement and the Security Agreement (except for (i) Section 2.01 herein and the definition of IP Collateral (as defined herein) and (ii) Section 2.01 of the Security Agreement and the definition of Collateral (as defined therein)), the terms of this Agreement shall control with respect to the IP Collateral and the terms of the Security Agreement shall control with respect to all other Collateral.

SECTION 12. Further Assurances.

(a) Subject to the provisions of clause (b) below, each Grantor agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as the Administrative Agent may from time to time reasonably request to better assure, preserve, protect and perfect the security interest in the IP Collateral granted

pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest, including the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith; provided that notwithstanding anything to the contrary herein or in any other Loan Document, no Grantor shall be obligated to take any actions with respect to any Intellectual Property registered, applied for, or otherwise existing in any jurisdiction outside of the United States (including, any political subdivision thereof).

(b) The Administrative Agent acknowledges that, notwithstanding anything to the contrary contained herein, as of the Closing Date, the Grantors have not been required to take steps to perfect the Security Interest in any IP Collateral of the Grantors registered outside of the United States (such IP Collateral, the “Foreign IP Collateral”).

SECTION 13. Termination; Release of IP Collateral.

(a) Any Lien upon any IP Collateral under this Agreement will be released if the IP Collateral constitutes property being Disposed of in a Permitted Disposition (other than Permitted Dispositions described in clause (c) in the definition thereof) automatically upon receipt by the Administrative Agent of the Net Proceeds thereof, to the extent required by the Credit Agreement. Upon at least two (2) Business Days’ prior written request by a Grantor, the Administrative Agent shall execute such documents as may be necessary to evidence the release of the Liens upon any IP Collateral described in this SECTION 13(a); provided, however, that (i) the Administrative Agent shall not be required to execute any such document on terms which, in its reasonable opinion, would, under applicable Law, expose the Administrative Agent to liability or create any obligation or entail any adverse consequence other than the release of such Liens without recourse or warranty, and (ii) such release shall not in any manner discharge, affect or impair the Secured Obligations or any Liens (other than those expressly being released) upon (or obligations of any Grantor in respect of) all interests in the IP Collateral retained by any Grantor, including, without limitation, the Proceeds of any sale of the IP Collateral, all of which shall continue to constitute part of the IP Collateral.

(b) Except for those provisions which expressly survive the termination thereof, this Agreement and the security interest granted herein shall terminate when (i) the Aggregate Total Commitments have expired or been terminated, (ii) all of the Secured Obligations (other than contingent indemnification obligations for which claims have not yet been asserted) have been paid in full in cash or otherwise satisfied, (iii) all L/C Obligations have been reduced to zero (or fully Cash Collateralized), and (iv) the L/C Issuer has no further obligation to issue Letters of Credit under the Credit Agreement, at which time the Administrative Agent shall execute and deliver to the Grantors, at the Grantors’ expense, all UCC termination statements, releases and similar documents that the Grantors shall reasonably request to evidence such termination; provided, however, that the Credit Agreement, this Agreement, and the security interest granted herein shall be reinstated if at any time payment, or any part thereof, of any Secured Obligation is rescinded or must otherwise be restored by any Credit Party upon

the bankruptcy or reorganization of any Grantor. Any execution and delivery of termination statements, releases or other documents pursuant to this SECTION 13 shall be without recourse to, or warranty by, the Administrative Agent or any other Credit Party.

SECTION 14. Governing Law. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

SECTION 15. Counterparts. This Agreement may be executed in counterparts, each of which shall constitute an original but all of which, when taken together, shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or other electronic transmission shall be as effective as delivery of a manually executed counterpart of this Agreement.

SECTION 16. Headings. Article and Section headings used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

SECTION 17. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the liens, security interests and pledges granted to the Administrative Agent pursuant to this Agreement and the exercise of any right or remedy by the Administrative Agent hereunder are subject to the provisions of the Intercreditor Agreement. In the event of any conflict between the terms of the Intercreditor Agreement and the terms of this Agreement, the terms of the Intercreditor Agreement shall govern and control.

SECTION 18. Recordation. The Grantors hereby authorize and request that the Commissioner of Patents and Trademarks and any other applicable United States government officer record this Agreement.
