INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

A. This Intellectual Property Assignment Agreement ("**IP Assignment**"), dated as of May 11, 2016, is made by St. Helens Community Federal Credit Union ("**Seller**"), in favor of Panther Red, LLC, a Washington limited liability company, successor-in-interest to Forest Energy Corporation ("**Purchaser**"), the purchaser of certain assets of Seller pursuant to an Asset Purchase Agreement, as amended, between Purchaser and Seller, dated as of April 20, 2016 (the "**Asset Purchase Agreement**"). Capitalized terms used but not defined in this Agreement have the meanings given to them in the Asset Purchase Agreement.

B. Pursuant to the Asset Purchase Agreement, Seller has conveyed, transferred and assigned to Purchaser, among other assets, certain intellectual property of Seller, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office and corresponding entities or agencies in any applicable jurisdictions.

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby irrevocably conveys, transfers and assigns to Purchaser, and Purchaser hereby accepts, all of Seller's right, title and interest in and to the following (the "**Assigned IP**"):

(a) the patent, trademark registrations and application, and domain name set forth on **Schedule 1** hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(b) all rights of any kind whatsoever of Seller accruing under the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Purchaser. Following the date hereof, upon Purchaser's

reasonable request, and at Seller's sole cost and expense, Seller shall take such steps and actions, and provide such cooperation and assistance to Purchaser and its successors, assigns and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence or perfect the assignment of the Assigned IP to Purchaser, or any assignee or successor thereto.

3. Terms of the Asset Purchase Agreement. The parties hereto acknowledge and agree that this IP Assignment is entered into pursuant to the Asset Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Seller and Purchaser with respect to the Assigned IP. The representations, warranties, covenants, agreements and indemnities contained in the Asset Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Asset Purchase Agreement and the terms hereof, the terms of the Asset Purchase Agreement shall govern.

4. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this IP Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

5. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6. Governing Law. This IP Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this IP Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Oregon, without giving effect to any choice or conflict of law provision or rule (whether of the State of Oregon or any other jurisdiction).
