**ASSIGNMENT OF TRADEMARKS
(U.S)**

This ASSIGNMENT OF TRADEMARKS (this "Assignment") is made, effective as of 12:01 am on January 1, 2017, by NYX, Los Angeles Inc., a Delaware corporation ("Assignor"), in favor of L'Oréal USA Creative, Inc., a Delaware corporation ("Assignee").

WHEREAS, Assignor is the exclusive owner of U.S. common law and registered trademarks, trademark rights, trade names, trade dress and trademark registrations and trademark applications listed on Exhibit A attached hereto and made a part hereof, together with all goodwill associated therewith (collectively, the "Trademarks");

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Transfer of Trademarks. Assignor hereby assigns to Assignee and its successors and assigns all of Assignor's right, title and interest in and to the Trademarks and all registrations and applications therefor, whether or not listed on Exhibit A hereto, including the right to recover for past, present and future infringements pertaining to the use thereof, together with all goodwill associated with, corresponding to, symbolized by and embodied in the Trademarks. 2. Facilitation of Transfer. Assignor agrees, upon reasonable request from Assignee, that Assignor will, without charge to Assignor and at Assignee's sole expense, (i) provide whatever documentation Assignor may have relating to or supporting the chain of title and use of the Trademarks, including without limitation Assignor's date of first use of the Trademarks and such use thereafter, and (ii) sign any confirmatory assignments, take all rightful oaths, and do all lawful acts which may be reasonably necessary for vesting title to the Trademarks in Assignee, including without limitation, by executing any documents which Assignee deems reasonably necessary to correct the chain of title with respect to such Trademarks.

3. Recordation of Assignment. Assignor will cooperate with Assignee to record this Assignment with the appropriate governmental entities in all jurisdictions designated by Assignee, including without limitation the United States Patent and Trademark Office.

4. Binding Effect. This Assignment shall be binding upon Assignor, its successors and assigns, and shall inure to the benefit of Assignee, its nominees, successors and assigns.
