- B) The Parties now wish to close the transactions contemplated in the Purchase Agreement.
- C) Therefore, the Parties agree as follows:

## 1 Definitions

In this Agreement:

"**Agreement**" means this assignment agreement.

"**Assignment**" has the meaning given to this term in Section 3.

"**Group**" means UBS Group AG and its consolidated subsidiaries (including, for the avoidance of doubt, the Seller and the Purchaser).

"**Party**"/"**Parties**" means either of the Seller and the Purchaser (or both of them).

"**Purchase Agreement**" has the meaning given to this term in let. A) of the Recitals.

"**Relevant Jurisdictions**" means Australia, Bolivia, Cambodia, Israel, Malta, Puerto Rico, Slovenia, Syria and the United States of America.

"**Section**" means a section of this Agreement.

"**Trademarks**" means any trademarks or service marks, including applications and registrations therefor as well as any tradenames and unregistered rights in or to any brands, trademarks or service marks, registered or applied for registration (either locally or as part of an international registration under the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating to the Madrid Agreement Concerning the International Registration of Marks respectively) in, or otherwise existing under the laws of, the Relevant Jurisdictions.

"**Transferred Trademarks**" means any and all of the Seller's rights, titles and interest in and to any Trademarks, including those in and to the Trademarks listed in the Annex to this Agreement, but excluding, for the avoidance of doubt,

any Trademarks registered or applied for registration by any other company or entity of the Group.

### **2 Construction**

- 1 Unless a contrary indication appears, any reference in this Agreement to:

### **3 Assignment of Transferred Trademarks**

- 2 The Seller herewith assigns and transfers to the Purchaser any and all of the Seller's rights, titles and interest in and to the Transferred Trademarks, including:
  - a) all rights and powers attached to the Transferred Trademarks (including, for the avoidance of doubt, the rights to claim priority and to claim rights deriving from priority rights, whether by use or registration);
  - b) the right to sue for and to recover damages and further remedies in respect of any infringement of or acts of passing off or unfair competition in respect of the Transferred Trademarks which may have occurred before the date hereof; and
  - c) that part of any goodwill of the business connected with the use of and symbolized by the Transferred Trademarks in accordance with Section 10 of the Lanham Act or any foreign equivalent, subject to and encumbered with any and all usage rights existing at the time of transfer;

(the "Assignment").

- 3 The Purchaser hereby accepts the Assignment.
- 4 The Seller hereby represents that the Purchaser is the successor to the portion of the Seller's ongoing and existing business to which the Transferred Trademarks that are the subject to intent-to-use applications pertain.

**4 Consideration**

5 By execution of this Agreement, the Seller confirms that the payment of the Purchase Price (as defined in the Purchase Agreement) has occurred.

**5 Further Acts**

6 To the extent required to give full effect to the Assignment in any jurisdiction or necessary or desirable to effect or facilitate the recordal of the Purchaser as owner of any of the Transferred Trademarks in any trademark or other official register, the Parties shall confirm or further document the Assignment in the form and/or language and/or with observing any additional formality that may be required or helpful to achieve these purposes.

**6 Governing law**

7 This Agreement shall be governed by and construed by the substantive laws of Switzerland (to the exclusion of Swiss Private International Law and of international treaties, in particular the Vienna Convention on the International Sale of Goods dated 11 April 1980).
