TRADEMARK ASSIGNMENT AGREEMENT

This TRADEMARK ASSIGNMENT AGREEMENT ("**Trademark Assignment**"), dated as of August 5, 2016, is made by Griffin Technology, Inc., a Tennessee corporation ("**Seller**"), located at 2030 Lindell Ave, Nashville, TN 37203, in favor of Griffin Technology, LLC, a Delaware limited liability company ("**Buyer**"), located at 6001 Oak Canyon, Irvine, California 92618, the purchaser of certain assets of Seller pursuant to an Asset Purchase Agreement dated as of August 5, 2016 (the "**Asset Purchase Agreement**").

WHEREAS, under the terms of the Asset Purchase Agreement, Seller has conveyed, transferred, and assigned to Buyer, among other assets, certain intellectual property of Seller, and has agreed to execute and deliver this Trademark Assignment, for recording with the United States Patent and Trademark Office and corresponding entities or agencies in any other applicable jurisdictions;

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby irrevocably conveys, transfers, and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title, and interest in and to the following (the "**Assigned Trademarks**"), together with the goodwill of the business connected with the use of, and symbolized by, the Assigned Trademarks:

(a) the trademark registrations and trademark applications set forth on Schedule 1 hereto and all issuances, extensions, and renewals thereof; provided that, with respect to the United States intent-to-use trademark applications set forth on Schedule 1 hereto, if any, the transfer of such applications accompanies, pursuant to the Asset Purchase Agreement, the transfer of Seller's business, or portion of the business to which the trademark pertains, and that business is ongoing and existing;

(b) all rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(c) all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to all of the foregoing; and

(d) all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, unfair competition, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Trademarks in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any other applicable jurisdictions to record and register this Trademark Assignment upon request by Buyer. Following the date hereof, upon Buyer's reasonable request,

and at Buyer's sole cost and expense, Seller shall take such steps and actions, and provide such cooperation and assistance to Buyer and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary or appropriate to effect, evidence, or perfect the assignment of the Assigned Trademarks to Buyer, or any assignee or successor thereto.

3. Limited Power of Attorney. Seller hereby appoints Buyer as the true and lawful attorney-in-fact of Seller, with full power of substitution, having full right and authority, in the name of Seller to do all such acts and things in relation to the matters set forth in Section 2 of this Trademark Assignment as Buyer shall reasonably deem desirable. Seller agrees that the above-stated powers are coupled with an interest and shall be irrevocable by Seller.

4. Terms of the Asset Purchase Agreement. The parties hereto acknowledge and agree that this Trademark Assignment is entered into pursuant to the Asset Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Seller and Buyer with respect to the Assigned Trademarks. The representations, warranties, covenants, agreements, and indemnities contained in the Asset Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Asset Purchase Agreement and the terms hereof, the terms of the Asset Purchase Agreement shall govern.

5. Counterparts. This Trademark Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Trademark Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Trademark Assignment. Originals of all counterparts and acknowledgments will be delivered to Buyer by next business day delivery at Seller's expense sent not later than the first business day after execution of this Trademark Assignment.

6. Successors and Assigns. This Trademark Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

7. Governing Law. This Trademark Assignment and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this Trademark Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction).
