## INTELLECTUAL PROPERTY ASSIGNMENT

This INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment"), dated as of March 8, 2017, is entered into by and between Sears Holdings Corporation, a Delaware corporation ("Seller"), Sears Brands, L.L.C., an Illinois limited liability company, Sears Brands Business Unit Corporation, an Illinois corporation, Sears Brands Management Corporation, a Delaware corporation, Sears Holdings Management Corporation, a Delaware corporation, and Sears, Roebuck and Co., a New York corporation (each individually an "Assignor" with their respective addresses specified on Schedule 1), in favor of Black & Decker, Inc., a Connecticut corporation ("Patent Assignee"), Stanley Black & Decker, Inc., a Connecticut corporation ("Trademark Assignee") and Black & Decker (U.S.) Inc., a Maryland corporation ("Domain Assignee," and each of Patent Assignee, Trademark Assignee and Domain Assignee, an "Assignee" with their respective addresses specified on Schedule 1). Each Assignor and each Assignee are collectively the "Parties," and each a "Party."

WHEREAS, Seller and Trademark Assignee have entered into a Purchase and Sale Agreement, dated as of January 5, 2017 (as amended, modified or supplemented from time to time in accordance with its terms, the "Purchase Agreement"), pursuant to which Seller has agreed to, and to cause the other Business Sellers to, sell, convey, assign, transfer and deliver to Trademark Assignee or the applicable designee(s) of Trademark Assignee all the Transferred Assets, including the Acquired Business Intellectual Property, free and clear of all Liens other than Permitted Liens, and Trademark Assignee has agreed to, and to cause the applicable designee(s) of Trademark Assignee to, purchase, acquire and accept the Transferred Assets from the Business Sellers; and

WHEREAS, in connection with the Purchase Agreement, each Assignor has agreed to sell, convey, assign, transfer and deliver to the applicable Assignee, among other assets, all of Assignor's right, title and interest in (i) the patents and patent applications (including related divisionals, continuations, continuations-in-part, reissues, extensions, substitutions, reexaminations, supplemental examinations, inter partes reviews, post grant oppositions and renewals and extensions of any of the foregoing, and the inventions and discoveries therein) set forth in Schedule 2 (the "Assigned Patents"), (ii) the trademark registrations and trademark applications set forth in Schedule 3 (the "Assigned Trademarks") and (iii) the domain names set forth in Schedule 4 (the "Assigned Domains").

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. Definitions. Capitalized terms used but not defined herein have the meanings ascribed to such terms in the Purchase Agreement.

SECTION 2. Assignment.

(a) Assignor hereby sells, conveys, assigns, transfers and delivers to Patent Assignee, and Patent Assignee hereby accepts the sale, conveyance, assignment, transfer and delivery of, all of Assignor's right, title and interest in, to and under the Assigned Patents together with all the rights of enforcement and the rights, interests, claims and demands recoverable in law or equity, that Assignor has or may have in profits and damages for past, present and future infringements or other conflicts relating to the Assigned Patents, including, without limitation, the right to compromise, sue for and collect such profits and damages; all rights of priority resulting from the filing of the Assigned Patents, and all other rights, including common law rights, relating to the Assigned Patents, to the extent such rights exist or may exist in the future, each to be held and enjoyed by Patent Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives as said rights would have been held and enjoyed by such Assignor had this assignment and sale not been made;

(b) Assignor hereby sells, conveys, assigns, transfers and delivers to Trademark Assignee, and Trademark Assignee hereby accepts the sale, conveyance, assignment, transfer and delivery of, all of Assignor's right, title and interest in, to and under the Assigned Trademarks together with all the goodwill associated with the use of or symbolized by the Assigned Trademarks; all rights of enforcement and the rights, interests, claims and demands recoverable in law or equity, that Assignor has or may have in profits and damages for past, present and future infringements, unfair competition, passing off or other conflicts relating to the Assigned Trademarks, including, without limitation, the right to compromise, sue for and collect such profits and damages; all rights of priority resulting from the filing of the Assigned Trademarks, and all other rights, including common law rights, relating to the Assigned Trademarks, to the extent such rights exist or may exist in the future, each to be held and enjoyed by Trademark Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives as said rights would have been held and enjoyed by such Assignor had this assignment and sale not been made; and

(c) Assignor hereby sells, conveys, assigns, transfers and delivers to Domain Assignee, and Domain Assignee hereby accepts the sale, conveyance, assignment, transfer and delivery of, all of Assignor's right, title and interest in, to and under the Assigned Domains together with all the goodwill associated with the use of or symbolized by the Assigned Domains; all rights of enforcement and the right to damages for past infringement, unfair competition or other conflicts relating to the Assigned Domains; and all other rights, including common law rights, relating to the Assigned Domains, to the extent such rights exist, each to be held and enjoyed by Domain Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives as said rights would have been held and enjoyed by the Assignor had this assignment and sale not been made.

SECTION 3. Recordation. Each Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office and other empowered officials of the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any

applicable jurisdictions to record and register this Assignment upon request by any Assignee.

SECTION 4. Further Assurances. At the request of any Assignee, Assignor shall execute and deliver, or cause to be executed and delivered, such documents as the Assignee or its counsel may reasonably request to further effectuate or evidence the transactions set forth in this Assignment.

SECTION 5. Subject to Purchase Agreement. This Assignment is being executed solely to give effect to the transactions contemplated by the Purchase Agreement. Nothing in this Assignment, express or implied, is intended to, or will be construed to, modify, expand or limit in any way the terms of the Purchase Agreement. To the extent that any provision of this Assignment conflicts or is inconsistent with the terms of the Purchase Agreement, the Purchase Agreement will govern.

SECTION 6. Counterparts. This Assignment may be executed in two or more counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument, and shall become effective when one or more counterparts have been signed by each of the Parties and delivered (by telecopy, electronic delivery or otherwise) to the other Parties. Signatures to this Assignment transmitted by facsimile transmission, by electronic mail in "portable document format" ("pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing the original signature.

SECTION 7. Binding Effect. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. Except as permitted under Section 11.6 of the Purchase Agreement, this Assignment may not be assigned by any Party hereto without the prior written consent of the other Parties hereto.

SECTION 8. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of New York applicable to contracts executed and to be performed wholly within such State and without reference to the choice-of-law principles that would result in the application of the laws of a different jurisdiction.

SECTION 9. Consent to Exclusive Jurisdiction. Each Party irrevocably submits to the jurisdiction of any New York state or federal court in any Action arising out of or relating to this Assignment, and hereby irrevocably agrees that all claims in respect of such Action may be heard and determined in such New York state or federal court. Each Party hereby irrevocably waives, to the fullest extent that it may effectively do so, the defense of an inconvenient forum to the maintenance of such Action. The Parties further agree, to the extent permitted by Law, that final and unappealable judgment against any of them in any Action contemplated above shall be conclusive and may be enforced in any other jurisdiction within or outside the United States by suit on

the judgment, a certified copy of which shall be conclusive evidence of the fact and amount of such judgment.

SECTION 10. WAIVER OF JURY TRIAL. EACH PARTY TO THIS ASSIGNMENT WAIVES TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM BROUGHT BY ANY OF THEM AGAINST THE OTHER ARISING OUT OF OR IN ANY WAY CONNECTED WITH THIS ASSIGNMENT, OR ANY OTHER AGREEMENTS OR ASSIGNMENTS EXECUTED IN CONNECTION HEREWITH OR THE ADMINISTRATION THEREOF OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREIN OR THEREIN. NO PARTY TO THIS ASSIGNMENT SHALL SEEK A JURY TRIAL IN ANY LAWSUIT, PROCEEDING, COUNTERCLAIM OR ANY OTHER LITIGATION PROCEDURE BASED UPON, OR ARISING OUT OF, THIS ASSIGNMENT OR ANY RELATED INSTRUMENTS OR THE RELATIONSHIP BETWEEN THE PARTIES. NO PARTY WILL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL HAS BEEN WAIVED WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT BE OR HAS NOT BEEN WAIVED. EACH PARTY TO THIS ASSIGNMENT CERTIFIES THAT IT HAS BEEN INDUCED TO ENTER INTO THIS ASSIGNMENT OR INSTRUMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS SET FORTH ABOVE IN THIS SECTION 10. NO PARTY HAS IN ANY WAY AGREED WITH OR REPRESENTED TO ANY OTHER PARTY THAT THE PROVISIONS OF THIS SECTION 10 WILL NOT BE FULLY ENFORCED IN ALL INSTANCES.

SECTION 11. Interpretation. This Assignment shall be subject to the provisions set forth in Section 1.3 of the Purchase Agreement.
