**ASSIGNMENT AND ASSUMPTION OF
INTELLECTUAL PROPERTY AGREEMENT**

This ASSIGNMENT AND ASSUMPTION OF INTELLECTUAL PROPERTY AGREEMENT (this "Agreement") is effective June 30, 2017 by and among Scribe Opco, Inc., a Delaware corporation ("Assignee"), BIC CORPORATION a Connecticut corporation having its principal place of business at One BIC Way, Suite 1, Shelton, Connecticut 06484 ("BIC") and the other Asset Selling Entities listed on the signature page hereto (BIC and together with the other Asset Selling Entities, the "Assignors"). Capitalized terms used herein but not otherwise defined, have the meanings assigned to such terms in the Purchase Agreement (defined below).

RECITALS

WHEREAS, the Assignors, the Assignee, and the other parties named therein, have entered into an Asset and Share Purchase Agreement, dated as of June 6, 2017 (as in effect from time to time, the "Purchase Agreement"), pursuant to which the Assignors have agreed to sell, transfer, assign, convey and deliver to the Assignee all of the Acquired Assets and the Shares; and

WHEREAS, in connection with the transactions contemplated by the Purchase Agreement, the Assignee and the Assignors desire that all of the Assignors' respective rights, titles and interests in and to all Intellectual Property included in the Acquired Assets be assigned and transferred to the Assignee as provided in the Purchase Agreement.

NOW, THEREFORE, in consideration of the foregoing and the other agreements and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby irrevocably acknowledged, the parties hereto agree as follows:

1. Assignment of Intellectual Property Rights.

1.1 Assignment. Each of the Assignors hereby assigns, sells, conveys, delivers and transfers to the Assignee all right, title and interest in and to all Intellectual Property included in the Acquired Assets and listed on Exhibit A hereto, together with the goodwill of the Promotional Products Business connected with the use thereof (as applicable) and symbolized thereby and together with all claims for damages by reason of past infringement thereof, with the right to sue for, and collect the same for the Assignee's use and benefit, in accordance with the Purchase Agreement, and for the use and benefit of the Assignee's successors and assigns.

1.2 Further Assurances.

(a) Each of the Assignors hereby agrees to execute all appropriate, necessary and customary forms and use all commercially reasonable efforts to assist the Assignee, at Assignee's request from time to time (the reasonable actual out-of-pocket cost and expense of which shall be paid by the Assignee unless such action results from a breach of the Purchase Agreement or this Agreement by the Assignors), to secure the rights assigned hereby and to obtain and/or transfer patent, domain name and social media property, copyright, trademark or service mark registrations (and applications therefor), and similar governmental grants confirming or enhancing said rights. Each of the Assignors will promptly transfer all files and

papers in its possession relating to such applications and registrations to the Assignee after the execution of this Agreement.

(b) This Agreement is executed in connection with and subject to the terms and conditions of the Purchase Agreement. As between the Assignors and the Assignee, nothing in this Agreement shall be deemed to limit or modify any representations, warranties, liabilities, indemnities or other agreements as between the Assignors and the Assignee as provided for in the Purchase Agreement.

2. Miscellaneous.

2.1 Amendment. No amendment or waiver of any provision of this Agreement shall be effective unless in writing and executed by the parties hereto, in the case of an amendment, or the party entitled to the benefit of the provision to be so waived, in the case of a waiver.

2.2 Notices. Notices shall be provided to the addresses and in the manner provided in the Purchase Agreement.

2.3 Successors and Assigns. This Agreement shall inure to the benefit of, and be binding upon and enforceable against, the parties hereto and their respective successors and assigns. No party may assign either this Agreement or any of its rights, interests, or obligations hereunder without the prior written approval of the other parties; provided, however, that Assignee may, without the need for further consent from the Assignors, (i) assign any or all of its rights and interests hereunder to one or more of its Affiliates; (ii) assign any or all of its rights hereunder in connection with a sale of all or substantially all its business or all or substantially all of the Promotional Products Business (whether by merger, sale of stock or assets, recapitalization or otherwise); and/or (iii) collaterally assign its rights hereunder to any lenders or financing sources, provided that in any or all of which cases Assignee nonetheless shall remain responsible for the performance of all of its obligations hereunder.

2.4 Governing Law. This Agreement shall be governed by and construed in accordance with the internal substantive laws of the State of New York without giving effect to the principles of conflicts of laws thereof.

2.5 Counterparts. This Agreement may be executed in one or more original or facsimile counterparts, and all counterparts so executed shall constitute one agreement, binding upon the parties hereto, notwithstanding that the parties are not signatory to the same counterpart.
