THIS INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment") is made, entered into and effective as of this June 19, 2017 ("the "Effective Date"), by and between ACT, Inc., an Iowa nonprofit corporation ("Assignee"), and Professional Examination Service, a Missouri nonprofit corporation ("Assignor"). All capitalized terms used herein and not otherwise defined herein shall have the meaning ascribed to such terms in that certain Grant Agreement, dated February 22, 2017, or the First Amendment to Grant Agreement, of even date herewith, by and among the Assignor and the Assignee.

RECITALS:

WHEREAS, pursuant to the First Amendment to Grant Agreement, the Assignor has agreed to assign to the Assignee all of its right, title and interest in, and to execute this Assignment to enable the Assignee to record the assignment of, all of the Assignor's right, title and interest in and to the intellectual property set forth in Schedule 1 attached hereto, the associated registration and renewals, all goodwill associated therewith, and all other rights, if any, in the Granted Assets throughout the world (the "Granted Assets and Related Rights").

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants, agreements and conditions set forth herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, each party hereto hereby agrees as follows:

1. Assignment. The Assignor hereby irrevocably conveys, transfers and assigns to the Assignee as of the Effective Date, and the Assignee hereby accepts, any and all right, title and interest of the Assignor in and to the Granted Assets and Related Rights, including the right to sue and recover (for the sole use and benefit of the Assignee and its successors, assigns or other legal representatives) damages for past, present and future infringement, misappropriation, dilution or other violation thereof or damage thereto, if any, in each case free and clear of all mortgages, pledges, ownership interests, security interests, liens, reservations and contract rights of third parties. The Assignee is to hold all right, title and interest in and to the Granted Assets and Related Rights as fully and exclusively as they would have been held and enjoyed by the Assignor had the assignment in this Section 1 not been made.

2. Authorization. The Assignor authorizes and requests the Assignee to request any registering body (the "Registrar") to record the Assignee as the assignee or transferee of the Granted Assets and shall, promptly upon presentation to the Assignor by the Assignee, execute, or procure the execution of, such transfer documents and provide such information as required by the Registrar, and the Assignor hereby covenants that the Assignor has full right to convey its entire interest herein assigned, and that the Assignor has not executed, and will not execute, any agreements in conflict herewith.

3. Further Assurances. Each party hereto shall, from time to time and at all times hereafter, upon the request of the other party hereto, do, execute, acknowledge and deliver or

cause to be done, executed, acknowledged and delivered all such further acts, deeds, assignments, transfers, conveyances, powers of attorney and assurances as may be required to carry out the intent of this Assignment.

4. Warranty. Assignor represents and warrants to Assignee that the Assignor: (i) is the sole owner (other than Assignee) of all rights, title and interest in the Granted Assets, (ii) has not assigned, transferred, licensed, pledged or otherwise encumbered the Granted Assets or agreed to do so, (iii) has full power and authority to enter into this Assignment and to make the assignment as provided in Section 1, and (iv) the assignment of the Granted Assets will not violate, infringe, or misappropriate any third party's rights (or result in any claim thereof).

5. Entire Agreement. This Assignment and the Grant Agreement (including the other schedules and exhibits and amendments to the Grant Agreement) contain the entire agreement of the parties with regard to the subject matter hereof; provided, however, that this provision is not intended to abrogate any other written agreement between the parties executed with or after this Assignment.

6. Successors and Assigns. This Assignment shall be binding upon each party hereto and its respective successors and assigns.

7. Governing Law. The parties specifically agree that this Domain Name Assignment shall in all respects be interpreted, read construed and governed by the internal Laws of the State of New York, exclusive of its conflicts of law rules.

8. Counterparts. This Assignment may be executed simultaneously in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
