## TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT is dated as of September 25, 2017, by Bass Pro Intellectual Property, L.L.C. (the “Grantor”), in favor of Wells Fargo Bank, National Association, in its capacity as administrative agent and collateral agent (in such capacity, the “Collateral Agent”).

### W I T N E S S E T H:

WHEREAS, the Grantor is party to that certain ABL Guarantee and Collateral Agreement dated as of September 25, 2017 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”) in favor of the Collateral Agent, pursuant to which the Grantor is required to execute and deliver this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Grantor hereby agrees with the Collateral Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meanings given to them in the Security Agreement.

SECTION 2. Grant of Security Interest in Trademark Collateral. As security for the payment or performance when due (whether at stated maturity, by acceleration or otherwise), as the case may be, in full of the Secured Obligations, Grantor hereby pledges to the Collateral Agent, its successors and permitted assigns, for the benefit of the Secured Parties, and hereby grants to the Collateral Agent, its successors and permitted assigns, for the benefit of the Secured Parties, a security interest in all of Grantor’s right, title, and interest in or to any and all of the following Intellectual Property now owned or at any time hereafter acquired by Grantor or in which Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “Trademark Collateral”):

- (i) all trademarks, service marks, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations thereof (if any), and all registration applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States or any other country or any political subdivision thereof (except for “intent-to-use” applications for trademark or service mark registrations filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, unless and until an Amendment to Allege Use or a Statement of Use under Sections 1(c) and 1(d) of the Lanham Act has been filed, to the extent that, and solely during the period for which, any assignment of an “intent-to-use” application prior to such filing would violate the Lanham Act), and all renewals thereof, including those listed on Schedule I;
- (ii) all goodwill associated therewith or symbolized thereby;
- (iii) all claims for, and rights to sue for, past or future infringements of any of the foregoing; and
- (iv) all income, royalties, damages and payments now or hereafter due and payable with respect to any of the foregoing, including damages and payments for past or future infringement thereof.

SECTION 3. Security Agreement.
