WHEREAS, the Company, the Grantors and certain other subsidiaries of the Company have entered into a Collateral Agreement dated as of June 29, 2017 (as amended, supplemented or otherwise modified from time to time, the "**Collateral Agreement**") in favor of the Collateral Trustee, pursuant to which (i) the Company granted security interests in its assets to secure its obligations under the Indenture and (ii) certain subsidiaries of the Company (including the Grantors) granted security interests in their assets to secure their respective guarantees of the Company's and FinCo's obligations under the Indenture; and

WHEREAS, the relative priorities of the security interests are governed by the terms of (i) the Collateral Agreement, (ii) the Collateral Trust Agreement, and (iii) the Intercreditor Agreements; and

WHEREAS, the Grantors own the trademarks (the "**Trademarks**") listed on Exhibit A attached hereto, which Trademarks are pending or issued with the United States Patent and Trademark Office;

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed that:

1) Definitions. All capitalized terms not defined herein shall have the respective meaning given to them in the Collateral Agreement.

2) The Security Interests.

(a) This Grant is made to secure the satisfactory performance and payment of the PP&E Indenture Secured Obligations. Upon the payment in full of all of the PP&E Indenture Secured Obligations (other than contingent indemnification obligations), the Collateral Trustee shall promptly, upon such satisfaction, execute, acknowledge, and deliver to the applicable Grantor all reasonably requested instruments in writing releasing the security interest in the Trademarks acquired under this Grant.

(c) The foregoing security interests are granted in conjunction with the security interests granted by the Grantors to the Collateral Trustee pursuant to the Collateral Agreement. The Grantors acknowledge and affirm that the rights and remedies of the Collateral Trustee with respect to the security interests granted herein are without prejudice to and are in addition to those set forth in the Collateral Agreement, the Collateral Trust Agreement, and each of the Intercreditor Agreements, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Grant are deemed to conflict with the foregoing agreements, the provisions of such other documents shall govern.

IN WITNESS WHEREOF, the Grantors have executed this Grant of Security Interests in United States Trademarks as of the date first written above.
