WHEREAS, the Grantors have entered into a Loan Agreement of even date (the "Loan Agreement"), with the Secured Party.

WHEREAS, as a condition precedent to the making of loans by the Secured Party under the Loan Agreement, each Grantor has executed and delivered to the Secured Party that certain Security Agreement of even date, made by and among the Grantors in favor of the Secured Party (the "Security Agreement").

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Secured Party a security interest in, among other property, certain intellectual property of the Grantors, and have agreed to execute and deliver this Intellectual Property Security Agreement, for recording with national, federal and state government authorities, including, but not limited to, the United States Patent and Trademark Office and the United States Copyright Office.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees with the Collateral Agent as follows:

1. Grant of Security. Each Grantor hereby pledges and grants to the Secured Party a security interest in and to all of the right, title and interest of such Grantor in, to and under the following (the "IP Collateral");

(a) the trademark registrations and applications set forth in Schedule 1 hereto, together with the goodwill connected with the use thereof and symbolized thereby and all extensions and renewals thereof (the "Trademarks"), excluding only United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant, attachment or enforcement of a security interest therein would, under applicable

(b) all rights of any kind whatsoever of such Grantor accruing under the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action with respect to any of the foregoing, whether occurring before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

The provisions of the Security Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of the Secured Party with respect to the IP Collateral are as provided by the Loan Agreement, the Security Agreement and related documents, and nothing in this IP Security Agreement shall be deemed to limit such rights and remedies.

4. Execution in Counterparts. This IP Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract.
