TRADEMARK SECURITY AGREEMENT

TRADEMARK SECURITY AGREEMENT, dated as of October 20, 2017 (this “Agreement”) among the Persons listed on the signature pages hereof, as Grantors, and JPMORGAN CHASE BANK, N.A., as collateral agent (in such capacity, the “Collateral Agent”) for the Secured Parties.

Reference is made to the Pledge and Security Agreement (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”) dated as of October 20, 2017 among H.B. Fuller Company (“the Company”), as Grantor, the other Grantors party thereto and the Collateral Agent. The Secured Parties’ agreements in respect of extensions of credit to the Borrower are set forth in the Credit Agreement dated as of April 12, 2017 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Credit Agreement”), among the Company, the lenders from time to time party thereto (collectively, the “Lenders” and each, a “Lender”), JPMorgan Chase Bank, N.A. as administrative agent (in such capacity, the “Administrative Agent”) and the other parties thereto. The Grantors are subsidiaries of the Company, will derive substantial benefits from the extension of credit to the Company pursuant to the Credit Agreement and the undersigned Grantors are willing to execute and deliver this Agreement in order to induce the Lenders and the Issuing Banks to extend such credit and the Hedge Banks to enter into the Secured Swap Agreements. Accordingly, the parties hereto agree as follows:

Section 1. *Terms.* Capitalized terms used in this Agreement and not otherwise defined herein have the meanings assigned to such terms in the Security Agreement. The rules of construction specified in Article I of the Credit Agreement also apply to this Agreement. For purposes of this Agreement, “Trademarks” means all of the following now owned or hereafter acquired by any Grantor: (a) all trademarks, service marks, trade names, corporate names, trade dress, logos, designs, business names, fictitious business names and all other source or business identifiers, and all general intangibles of like nature, protected under the laws of the United States or any state or political subdivision thereof, as well as any unregistered trademarks and service marks used by a Grantor, (b) all goodwill symbolized thereby or associated with each of them, (c) all registrations and recordings in connection therewith, including all registration and recording applications filed in the USPTO or any similar offices in any state of the United States or any political subdivision thereof, (d) all renewals of any of the foregoing, (e) all claims for, and rights to sue for, past or future infringements of any of the foregoing, and (f) all income, royalties, damages and payments now or hereafter due or payable with respect to any of the foregoing, including damages and payments for past or future infringements thereof.

Section 2. *Grant of Security Interest.* As security for the payment or performance in full when due of the Obligations, including each Guarantee of the Obligations, each Grantor hereby pledges to the Collateral Agent, for the benefit of the Secured Parties, and hereby grants to the Collateral Agent, for the benefit of the Secured Parties, a security interest in all right, title or interest in or to any and all of the following

assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “Trademark Collateral”):

(a) All Trademarks, including those listed on Schedule I hereto; and

(b) to the extent not included in the foregoing, all Proceeds and products of any and all of the foregoing and all Supporting Obligations, collateral security and guarantees given by any Person with respect to any of the foregoing.

Notwithstanding anything to the contrary in (a) or (b) above, this Agreement shall not constitute a grant of a security interest in any Excluded Property, including any “intent-to-use” trademark applications prior to the filing and acceptance of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto.

Section 3. *Termination.* This Trademark Security Agreement and the security interest granted hereby shall automatically terminate with respect to all of a Grantor’s Obligations and any Lien arising therefrom shall be automatically released upon termination of the Security Agreement or release of such Grantor’s obligations thereunder. The Collateral Agent shall, in connection with any termination or release herein or under the Security Agreement, execute and deliver to any Grantor as such Grantor may request, an instrument in writing releasing the security interest in the Trademark Collateral acquired under this Agreement. Additionally, upon such termination or release, the Collateral Agent shall reasonably cooperate with any efforts made by a Grantor to make of record or otherwise confirm such satisfaction including, but not limited to, the release and/or termination of this Agreement and any security interest in, to or under the Trademark Collateral.

Section 4. *Supplement to the Security Agreement.* The security interests granted to the Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

Section 5. *Governing Law.* **THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT GIVING EFFECT TO ANY CONFLICTS OF LAWS PROVISIONS THAT WOULD RESULT IN THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION.**

Section 6. *Intercreditor Agreement Governs.* Notwithstanding anything herein to the contrary, (i) the liens and security interests granted to the Collateral Agent pursuant to this Agreement are expressly subject to the Intercreditor Agreement and (ii) the exercise of any right or remedy by the Collateral Agent hereunder is subject to the limitations and provisions of the Intercreditor Agreement. In the event of any conflict between the terms of the Intercreditor Agreement and the terms of this Agreement, the terms of the Intercreditor Agreement shall govern.

Section 7. *Counterparts.* This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement shall become effective when it shall have been executed by the Collateral Agent and when the Collateral Agent shall have received counterparts hereof which, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Delivery of an executed counterpart of a signature page of this Agreement by telecopy or other electronic imaging means (including in .pdf format) shall be effective as delivery of a manually executed counterpart of this Agreement.
