## ASSIGNMENT OF TRADEMARKS AND PATENTS

The undersigned, SALIX ANIMAL HEALTH, LLC, a Delaware limited liability company having an address at 198 Lock Road, Deerfield Beach, FL 33442 ("Assignor"), for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, received from PETMATRIX LLC, a New York limited liability company having an address at One Rider Trail Plaza Drive, Suite 300, Earth City, MO 63045 ("Assignee"), and pursuant to a certain Contribution Agreement entered into as of 11:58 pm CST on August 27, 2017, by and among Assignor and Assignee, does hereby assign, transfer, deliver and set over to Assignee and Assignee's successors and assigns forever, and Assignee hereby acquires from Assignor, all of Assignor's right, title and interest in and to:

1. The U.S. trademarks, service marks, trade names, logos, insignias, designs and other proprietary interests therein, including, without limitation, all registrations and applications for registration therefor listed on Exhibit A hereto, together with the whole of the good will of the business associated therewith (the "Trademarks").
2. The U.S. patents, patent applications and patent disclosures, together with all reissuances, continuations, continuations-in-part, revisions, extensions and reexaminations thereof listed on Exhibit B hereto (the "Patents", and, together with the Trademarks, the "Trademarks and Patents")

Said Trademarks and Patents to be held and enjoyed by Assignee, successor to the business or portion of the business of Assignor to which the Trademarks and Patents pertain, which business is ongoing and existing, for its own use and enjoyment, and for the use and enjoyment of its successors and assigns forever, at common law and/or to the end of the term or terms for which registration of the said Trademarks and Patents may be granted, or renewed, as fully and entirely as the same would have been held and enjoyed by Assignor had the assignment set forth herein not been made; together with all causes of action and the proceeds thereof in favor of Assignor heretofore accrued or hereafter accruing by reason of past infringement, dilution, misappropriation or other violation of the Trademarks and Patents, with the right to sue and collect damages for its own use and benefit, and for the use and on behalf of its successors or assigns.

From and after the date hereof, Assignor shall, upon request and at the expense of Assignee, but without further consideration, do, execute, acknowledge, deliver and file, or shall cause to be done, executed, acknowledged, delivered and filed, all such further acts, deeds, transfers, conveyances, assignments or assurances as may be reasonably requested by Assignee to transfer, convey and assign to Assignee possession and use of the Trademarks and Patents to comply with all applicable legal requirements to effect such transfers, conveyances and assignments.
