TRADEMARK ASSIGNMENT AGREEMENT

This **TRADEMARK ASSIGNMENT AGREEMENT** (together with Schedule A, this “Agreement”) is made and entered into effective as of the 15th of November, 2017 (the “Effective Date”) by and between **Aruba Networks, Inc.** (“Assignor”), and **Hewlett Packard Enterprise Development LP** (“Assignee”). Assignor and Assignee are referred to individually as a “Party” and collectively as the “Parties.”

WHEREAS, Assignor and Assignee desire to enter into this Agreement to effect the transfer and assignment to Assignee of the trademark registrations and pending trademark applications set forth on Schedule A (the “Transferred Trademarks”) and the associated trademark goodwill.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Assignor and Assignee agree as follows:

1. Assignor hereby does assign, transfer, convey, and deliver to Assignee all of Assignor’s right, title, and interest in and to the following:
 - (a) the Transferred Trademarks, including without limitation all registrations and applications thereof, all registrations which may be granted in respect of such applications, and all renewals of such registrations;
 - (b) the trademark goodwill of the business symbolized by such Transferred Trademarks;
 - (c) the right to bring suit and recover damages for past, present, and future infringement, dilution, misappropriation, violation, or unlawful imitation of such Transferred Trademarks; and
 - (d) the entire right, title, and interest in all convention and treaty rights of all kinds, including without limitation all rights of priority in any country of the world, in and to the Transferred Trademarks.
2. Assignor hereby authorizes and requests that any applicable governmental entity or registrar (including any applicable foreign or international office or registrar), record Assignee as the assignee and owner of the Transferred Trademarks and grant and issue any and all registrations of the Transferred Trademarks throughout the world to Assignee, its successors, or assigns, whose rights, title, and interests in such registrations are the same as would have been held and enjoyed by Assignor had this Agreement not been made.

3. Assignor further agrees to execute and have executed all documents, instruments, and papers, and to perform all acts as deemed reasonably necessary by Assignee to perfect in Assignee the foregoing rights, title, and interests.
4. This Agreement and all the provisions hereof shall be binding upon and shall inure to the benefit of the Parties and their respective successors and permitted assigns.
5. This Agreement may be executed simultaneously in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. This Agreement may be executed by facsimile, .pdf or other electronic format signature, and a facsimile, .pdf or other electronic format signature will constitute an original for all purposes.
6. This Agreement, and any disputes arising out of or relating to this Agreement, will be governed by and construed under the laws of the State of Delaware, without reference to its conflicts of law principles.
