**INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “Intellectual Property Security Agreement”) is entered into as of December 20, 2017, by and among **MATTEL, INC.**, a Delaware corporation (the “Grantor”), and **BANK OF AMERICA, N.A.**, in its capacity as collateral agent for the Secured Creditors (in such capacity, the “Collateral Agent”; as further defined in the Syndicated Facility Agreement referred to below).

**W I T N E S S E T H:**

WHEREAS, pursuant to the Syndicated Facility Agreement dated as of December 20, 2017 (as amended, restated, extended, supplemented or otherwise modified from time to time, the “Syndicated Facility Agreement”), among the Grantor, each of the other Borrowers and Guarantors party thereto from time to time, the Lenders party thereto from time to time, **BANK OF AMERICA, N.A.**, as Global Administrative Agent, Collateral Agent and Australian Security Trustee, and the other party thereto, the Lenders have agreed to provide to the Borrowers an asset-based revolving credit facility;

WHEREAS, the Grantor is party to a U.S. Security Agreement (Non-Current Assets), dated as of December 20, 2017 (as it may be from time to time amended, restated, modified or supplemented, the “U.S. Security Agreement”), in favor of the Collateral Agent pursuant to which the Grantor is required to execute and deliver this Intellectual Property Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Collateral Agent, for the benefit of the Secured Creditors, to enter into the Syndicated Facility Agreement (as defined in the U.S. Security Agreement), the Grantor hereby agrees with the Collateral Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the U.S. Security Agreement or the Syndicated Facility Agreement and used herein have the meaning given to them in the U.S. Security Agreement or the Syndicated Facility Agreement, as applicable.

SECTION 2. Grant of Security Interest in Intellectual Property Collateral. The Grantor hereby pledges and grants to the Collateral Agent, on behalf of and for the benefit of the Secured Creditors, and to secure the prompt and complete payment and performance of all Secured Obligations, a security interest in all of its right, title and interest in, to and under all of the following property of the Grantor (the “Intellectual Property Collateral”):

- (a) all of its Patents referred to on Schedule I hereto and all renewals and extensions thereof and all goodwill associated therewith; and
- (b) all of its Trademarks referred to on Schedule II hereto, all renewals thereof and all goodwill associated therewith, but excluding any intent-to-use trademark applications prior to the filing of a “Statement of Use” with respect thereto.

SECTION 3. U.S. Security Agreement. The security interest granted pursuant to this Intellectual Property Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent pursuant to the U.S. Security Agreement and the Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the U.S. Security Agreement (and are expressly subject to the terms and conditions thereof), the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of

this Intellectual Property Security Agreement is deemed to conflict with the U.S. Security Agreement, the provisions of the U.S. Security Agreement shall control.

SECTION 4. Counterparts. This Intellectual Property Security Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts (including by facsimile or other electronic transmission (i.e., a “pdf” or “tif”)), each of which when so executed and delivered shall be an original, but all of which shall, taken together, constitute one and the same instrument.

SECTION 5. Governing Law. This Intellectual Property Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 6. Recordation. The Grantor hereby authorizes and requests that the Commissioner of Patent and Trademarks and any other applicable United States government officer record this Intellectual Property Security Agreement.
