INTELLECTUAL PROPERTY RIGHTS ASSIGNMENT

This Intellectual Property Rights Assignment (this "Assignment"), made this 22nd day of May, 2018, is by and between Benvenue Medical, Inc., a Delaware corporation ("Assignor"), and IZI Medical Products, LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement, dated as of the date hereof (as amended, modified or supplemented from time to time, the "Purchase Agreement"), providing, subject to the terms and conditions set forth therein, for the sale, transfer, assignment, conveyance and delivery by Assignor to Assignee of all of Assignor's right, title and interest in and to certain assets of Assignor as set forth in the Purchase Agreement, including the Business Intellectual Property (as such term is defined in the Purchase Agreement);

WHEREAS, the Business Intellectual Property includes the trade names, trademarks and trademark applications and registrations identified on the attached Schedule A (the "Assigned Marks"), and the patents and patent applications and registrations identified on the attached Schedule B (the "Assigned Patents"); and

WHEREAS, in accordance with the Purchase Agreement, Assignee desires to acquire the Business Intellectual Property from Assignor.

NOW, THEREFORE, for good and valuable consideration provided for in the Purchase Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby irrevocably conveys, transfers and assigns to Assignee, its successors and assigns, all of Assignor's worldwide right, title and interest in and to the Business Intellectual Property, including, without limitation: (a) the Assigned Marks and all intellectual property rights therein, including all common-law rights therein and all registrations and applications therefor identified on Schedule A, together with the goodwill of the business symbolized thereby; and (b) the Assigned Patents and all intellectual property rights therein, including all common-law rights therein and all registrations and applications therefor identified on Schedule B and (d) all works of authorship, trade secrets and all other intellectual property rights included in the Business Intellectual Property ("Other Assigned Intellectual Property"), in any of the foregoing in each case as of the Closing Date (as defined in the Purchase Agreement).

Assignor further assigns to Assignee all of Assignor's rights (i) in and to causes of action and enforcement rights associated with the Assigned Marks Assigned Patents and Other Assigned Intellectual Property, including, without limitation, all rights to pursue damages, injunctive relief and other remedies for past and future infringement or other violation of the Assigned Marks, Assigned Patents and Other Assigned Intellectual Property and (ii) to apply in any or all countries of the world for trademark and copyright protection for the Business Intellectual Property.

Nothing in this Assignment, express or implied, is intended or shall be construed to confer upon, or give to, any person or entity, other than the parties to this Assignment, any rights, remedies, obligations or liabilities.

This Assignment shall bind and inure to Assignee and Assignor and their respective successors and assigns.

This Assignment may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same.

This Assignment shall be exclusively interpreted and governed by the laws of the State of Delaware, without regard to its conflict of law provisions.

In the event of a conflict between this Assignment and the Purchase Agreement, the terms and conditions of the Purchase Agreement shall take precedence.
