## TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of October 12, 2018, (this "Trademark Security Agreement") is made by and among the entity listed on the signature pages hereof (the "Grantor"), in favor of Angel Island Originations, LLC ("Angel Island"), as collateral trustee (in such capacity, together with its successors and permitted assigns, "Collateral Trustee") for the Secured Parties (as defined in the Credit Agreement referred to below).

### WITNESSETH:

WHEREAS, pursuant to the Second Lien Term Loan and Guarantee Agreement, dated as of October 12, 2018 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), by and among the Borrower, the other Loan Parties, the Lenders from time to time party thereto and Angel Island, as Administrative Agent, the Lenders have severally agreed to make extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein;

WHEREAS, the Grantor has agreed, pursuant to the Second Lien Security Agreement, dated as of October 12, 2018, in favor of Collateral Trustee (as such agreement may be amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), to grant a Lien and security interest in all of its Collateral to secure the Secured Obligations; and

WHEREAS, the Grantor is a party to the Security Agreement pursuant to which the Grantor is required to execute and deliver this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the premises and to induce the Lenders and Collateral Trustee to enter into the Credit Agreement and/or the other Loan Documents, as applicable, to induce the Lenders to make their respective extensions of credit to the Borrower thereunder, the Grantor hereby agrees with Collateral Trustee for the benefit of the Secured Parties (as defined in the Credit Agreement) as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Security Agreement.

Section 2. Grant of Security Interest in Trademark Collateral. The Grantor, as collateral security for the payment and performance in full of all the Secured Obligations, hereby pledges and grants to the Collateral Trustee for its benefit and for the benefit of the other Secured Parties, a Lien on and a second priority security interest (subject to Liens permitted under the Loan Documents) in and to all of the right, title and interest of the Grantor in, to and under the following Collateral of the Grantor (the "Trademark Collateral"):

(a) all trademarks (including service marks), slogans, logos, certification marks, trade dress, uniform resource locations (URLs), domain names,

corporate names and trade names, whether registered or unregistered, owned by or assigned to the Grantor, the goodwill of the business symbolized thereby or associated therewith, and all registrations and applications for the foregoing (whether statutory or common law and whether established or registered in the United States or any other country or any political subdivision thereof), including, without limitation, the registrations and applications listed on Schedule 1 hereto;

(b) any and all rights and privileges arising under applicable law with respect to such Grantor's use of any trademarks;

(c) any and all reissues, continuations, extensions and renewals thereof;

(d) any and all income, fees, royalties, damages and payments now and hereafter due and/or payable thereunder and with respect thereto, including, without limitation, damages, claims and payments for past, present or future infringements thereof;

(e) rights corresponding thereto throughout the world; and

(f) rights to sue for past, present or future infringements thereof.

Notwithstanding the foregoing, in no event shall any security interest be granted in any "intent-to-use" application for registration of a Trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a "Statement of Use" pursuant to Section 1(d) of the Lanham Act or an "Amendment to Allege Use" pursuant to Section 1(c) of the Lanham Act with respect thereto, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law.

Section 3. Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to Collateral Trustee pursuant to the Security Agreement and the Grantor hereby acknowledges and agrees that the rights and remedies of Collateral Trustee with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 4. Grantor Remains Liable. The Grantor hereby agrees that, anything herein to the contrary notwithstanding, the Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with its Trademarks and Licenses subject to a security interest hereunder.

Section 5. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Trademark Security Agreement by telecopy, pdf or other electronic transmission shall be as effective as delivery of a manually executed counterpart of this Trademark Security Agreement.

Section 6. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the lien and security interest granted to the Collateral Trustee (for the benefit of the Secured Parties) pursuant to this Trademark Security Agreement and the exercise of certain rights or remedies by the Collateral Trustee hereunder are subject to the provisions of the ABL/Term Loan Intercreditor Agreement.

Section 7. Governing Law. THIS TRADEMARK SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, WITHOUT GIVING EFFECT TO THE CONFLICTS OF LAWS PRINCIPLES THEREOF.

[SIGNATURE PAGES FOLLOW]

IN WITNESS WHEREOF, the Grantor has caused this Trademark Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.

Very truly yours,
