THIS GRANT OF SECURITY INTEREST IN TRADEMARK RIGHTS is subject to the terms and provisions of the Intercreditor Agreement, dated as of May 29, 2018 (as such agreement may be amended, restated, supplemented or otherwise modified from time to time, the “Intercreditor Agreement”), among JPMorgan Chase Bank, N.A., as authorized representative for the Credit Agreement Secured Parties referred to therein and Wells Fargo Bank, National Association, as authorized representative for the Notes Secured Parties referred to therein, and each of the other Parties referred to therein.

GRANT OF SECURITY INTEREST IN TRADEMARK RIGHTS

This GRANT OF SECURITY INTEREST IN TRADEMARK RIGHTS (the “Agreement”), dated as of September 14, 2018, made by MICROCHIP TECHNOLOGY INCORPORATED, a Delaware corporation, together with the parties listed on the signature pages hereof (each a “Grantor”, and collectively the “Grantors”), in favor of Wells Fargo Bank, National Association, a national banking association, with an address at 333 S. Grand Avenue, 5th Floor Suite 5A, Los Angeles, CA 90071, as Notes Collateral Agent (in such capacity, the “Notes Collateral Agent”) for the holders of the Notes issued under the Indenture, dated as of May 29, 2018 (as may be amended, restated, supplemented or otherwise modified from time to time, the “Indenture”), among Microchip Technology Incorporated, a Delaware corporation (“Issuer”), the subsidiary guarantors listed on the signature pages thereto and Wells Fargo Bank, National Association, as Trustee and Notes Collateral Agent.

WHEREAS, pursuant to the Indenture, the Issuer and certain other Grantors (as defined in the Security Agreement) have executed and delivered a Pledge and Security Agreement, dated as of May 29, 2018, in favor of the Notes Collateral Agent (together with all amendments, restatements, supplements and modifications, if any, from time to time thereafter made thereto, the “Security Agreement”); and

WHEREAS, pursuant to the Security Agreement, each Grantor granted to the Notes Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in all of such Grantor’s right, title, and interest in and to the Collateral, including the Trademarks; and

WHEREAS, each Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, each Grantor agrees as follows:

1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Indenture and the Security Agreement.

2. Grant of Security Interest. Each Grantor hereby grants to the Notes Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in and continuing lien on all of such Grantor's right, title and interest in and to all Trademarks (other than Excluded Assets) now owned or anytime hereafter acquired by such Grantor (including, without limitation, those items listed on Schedule A and B hereto) (collectively, the "Collateral").

3. Purpose. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Notes Collateral Agent, for the benefit of the Secured Parties, in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Notes Collateral Agent thereunder) shall remain in full force and effect in accordance with its terms.

4. Acknowledgement. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Notes Collateral Agent, for the benefit of the Secured Parties, with respect to the security interest in the Collateral granted hereby are more fully set forth in the Indenture and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original. Delivery of an executed counterpart of a signature page of this Agreement by telecopy, e-mailed .pdf or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart of this Agreement.

6. The Notes Collateral Agent. The Notes Collateral Agent shall be entitled to all rights, privileges, immunities and protections set forth in the Notes Documents with respect to any matter arising under this Agreement as though fully set forth herein.
