- Section 1. Grant of Security Interest in Intellectual Property Collateral. Without limiting any other grant of any lien by any Grantor in any Collateral under the Security Agreements or any other Loan Document, to secure the prompt payment and performance of all Secured Obligations to Lenders and the other Secured Parties, each Grantor hereby assigns, pledges and grants to Lenders, on behalf of and for the benefit of the Secured Parties, a continuing security interest in and lien upon all of such Grantor's right, title and interest in, to and under the following Collateral of such Grantor, all whether now owned and/or existing or hereafter created, arising and/or acquired (the "Intellectual Property Collateral"):

- (f) all cash, income, royalties, fees, other proceeds, accounts and general intangibles that consist of rights of payment to or on behalf of any Grantor, proceeds from the sale, licensing or other disposition of all or any part of, or rights in, the Intellectual Property Collateral by or on behalf of any Grantor, and all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof;

which such continuing security interest in and lien upon the Intellectual Property Collateral, and this Agreement, shall continue in full force and effect to secure each of the Secured Obligations unless and until the Secured Obligations have been satisfied and paid in full in cash and all Commitments under the Credit Agreement have been terminated.

Section 2. <u>Security Agreements</u>. The security interests and liens granted pursuant to this Agreement are granted in conjunction with, and in no way limit, the security interests and liens granted to the Lenders pursuant to the Security Agreements and/or any of the other Loan Documents, and each Grantor hereby acknowledges and agrees that the rights and remedies of the Lenders with respect to the security interests in and liens upon the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreements, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 3. <u>Registration/Filing</u>. This Agreement is intended by the parties to be filed, and each Grantor hereby authorizes Lenders to file and record a copy of this Agreement, with the United States Patent and Trademark Office and/or United States Copyright Office and/or the Canadian Intellectual Property Office, as applicable.

Section 4. <u>Grantors Remains Liable</u>. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall retain full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with the Intellectual Property Collateral subject to a security interest hereunder.

Section 5. Agreement to Deliver Supplements. Each Grantor hereby covenants and agrees that promptly upon the acquisition by such Grantor of any new Intellectual Property Collateral, Grantors shall, concurrently with the next scheduled delivery of a compliance certificate under the Credit Agreement following acquisition of such new Intellectual Property Collateral, deliver to Lenders a duly executed Supplement to this Agreement in the form of Exhibit A hereto (a "Supplement"), listing all such newly acquired Intellectual Property Collateral on Schedule I thereto, pursuant to which Grantors shall reconfirm the grant of a security interest in such newly acquired Intellectual Property Collateral to Lenders, on behalf of and for the benefit of the Secured Parties, to secure the Secured Obligations. Each Supplement is intended by the parties to be filed, and Grantors hereby authorize Lenders to file and record a copy of each Supplement, with the United States Patent and Trademark Office and/or United States Copyright Office and/or the Canadian Intellectual Property Office, as applicable. Regardless of whether any Supplement is delivered by Grantors, and without limiting the generality of the provisions of Section 1 hereof above, Grantors hereby confirm and agree that any and all such after-acquired Intellectual Property Collateral shall immediately and automatically upon any Grantor's acquisition of any right, title and interest therein become part of the Intellectual Property Collateral hereunder. In the event that any Grantor acquires any such new Intellectual Property Collateral but Grantors fail for whatever reason to promptly executed and deliver a Supplement to Lenders pursuant to this Section 5, each Grantor hereby authorizes Lenders, acting under a Power of Attorney granted pursuant to Section 8 below, to at any time thereafter execute in the name of such Grantor an applicable Supplement with respect to such newly acquired Intellectual Property Collateral and to file the same with the United States Patent and Trademark Office and/or United States Copyright Office and/or the Canadian Intellectual Property Office, as applicable.

Section 6. <u>Representation and Warranties</u>. Grantors hereby represent and warrant to Lenders that Schedule 1 sets forth a full, complete and correct list of all registered United States and Canadian Intellectual Property Collateral owned by Grantors as of the date hereof.

Section 7. Events of Default and Remedies. The occurrence of an Event of Default under the Credit Agreement shall constitute an "Event of Default" under this Agreement. Upon the occurrence of and during the continuance of an Event of Default, in addition to all other rights, options, and remedies granted to Lenders under the Credit Agreement or any of the other Loan Documents or otherwise available to Lenders as a secured creditor at law or in equity, Lenders may exercise, either directly or through one or more assignees or designees, all rights and remedies granted to it as a secured creditor under the Uniform Commercial Code with respect to the Intellectual Property Collateral.

Section 8. Power of Attorney. Without limiting the generality of any power of attorney granted to Lenders under the Credit Agreement or any other Loan Document, each Grantor hereby authorizes Lenders, their successors and assigns, and any officer, employee, attorney or agent thereof, as such Grantor's true and lawful attorney-in-fact, with the power (a) to execute and endorse on behalf of and in the name of such Grantor any Supplement to this Agreement or other security agreement or similar document or instrument which Lenders may deem necessary or desirable in order to create, protect, or perfect the security interest provided for herein in the Intellectual Property Collateral and in each case to file or record any such Supplement or other security agreement or similar document or instrument with the United States Patent and Trademark Office and/or the United States Copyright Office and/or the Canadian Intellectual Property Office, as applicable, in the name of and on behalf of such Grantor, and (b) to the maximum extent permitted by applicable law, after the occurrence and during the continuance of an Event of Default, to execute and endorse on behalf of and in the name of such Grantor any assignment, bill of sale or similar document or instrument which Lenders may deem necessary or desirable in order for Lenders to enforce assign, pledge, convey or otherwise sell, transfer title in or dispose of the Intellectual Property Collateral, and in each case to file or record with the United States Patent and Trademark Office and/or the United States Copyright Office and/or the Canadian Intellectual Property Office, as applicable, in the name of and on behalf of such Grantor any such assignment or bill of sale or other document executed by Lenders, their successors and assigns, and any officer, employee, attorney or agent thereof under this power of attorney. Each Grantor hereby unconditionally ratifies all that any person authorized under this power of attorney shall lawfully do or cause to be done by virtue hereof and in accordance with the terms of hereof and of the Credit Agreement and the other Loan Documents. This power of attorney is coupled with an interest and is and shall be irrevocable unless and until all of the Secured Obligations (including any obligations to provide cash collateral for any Letters of Credit) have been indefeasibly paid in full in cash and satisfied and all of the Commitments under the Credit Agreement have been terminated.

Section 9. <u>Miscellaneous</u>. Without limiting the generality of the general incorporation of the Credit Agreement herein provided for above, the provisions of Section 8.01, Section 8.03, Section 8.09 and Section 8.10 of the Credit Agreement are hereby specifically incorporated by reference. If any part of this Agreement is contrary to, prohibited by, or deemed invalid under applicable laws or regulations, such provision shall be inapplicable and deemed omitted to the extent so contrary, prohibited or invalid, but the remainder hereof shall not be invalidated thereby and shall be given effect so far as possible. This Agreement shall be binding upon and inure to the benefit of Grantors and Lenders, and their respective successors and assigns, except that no Grantor may assign or transfer any of its rights or obligations under this Agreement

without the prior written consent of Lenders. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken together shall constitute a single contract.
