TRADEMARK SECURITY AGREEMENT

This UNITED STATES TRADEMARK SECURITY AGREEMENT, dated as of February 11, 2019 (“Trademark Security Agreement”), by Transform SR Brands LLC (the “Grantor”), is in favor of Cantor Fitzgerald Securities in its capacity as Agent (in such capacity, and together with its successors and assigns, the “Agent”).

W I T N E S S E T H:

WHEREAS, the Grantor is party to a Guarantee and Collateral Agreement, dated as of February 11, 2019 (as amended, supplemented, restated or otherwise modified from time to time, the “Security Agreement”), in favor of the Agent, pursuant to which the Grantor is required to execute and deliver this Trademark Security Agreement evidencing the security interest granted under the Security Agreement;

NOW, THEREFORE, in consideration of the foregoing premises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor and the Agent hereby agree as follows:

SECTION 1. Defined Terms. Capitalized terms used but not otherwise defined herein shall have the meanings given to them in the Security Agreement. For purposes of this Trademark Security Agreement, “Trademarks” means, collectively, all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, service marks, certification marks, slogans, logos, internet domain names and other source or business identifiers, whether arising under statutory or common law, whether registered or unregistered, and whether established or registered in the United States or any other country or any political subdivision thereof, together with any and all: (i) registrations thereof, and all applications in connection therewith, (ii) all goodwill associated therewith and symbolized thereby, now existing or hereafter adopted or acquired, (iii) rights and privileges arising under applicable law with respect to the use of any of the foregoing, (iv) reissues, continuations, extensions and renewals thereof, (v) income, fees, royalties, damages and payments now and hereafter due and/or payable thereunder and with respect thereto, including damages, claims and payments for past, present or future infringements, dilutions or other violations thereof, (vi) rights to sue for past, present and future infringements, dilutions or other violations thereof, and (vii) rights corresponding thereto throughout the world.

SECTION 2. Grant of Security Interest in Trademark Collateral. As collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of the Grantor’s Obligations, the Grantor hereby grants to the Agent, for the ratable benefit of the Credit Parties, a security interest in all of the Grantor’s right, title and interest in, to and under all of the following property now owned or at any time hereafter acquired by the Grantor or in which the Grantor now has or at any time in the future may acquire any right, title or interest to the extent such property constitutes Collateral under the Security Agreement (collectively, the “Trademark Collateral”):

- (a) All Trademarks owned by the Grantor, including the registered and applied-for Trademarks of the Grantor listed on Schedule I attached hereto; and

(b) to the extent not otherwise included, all Proceeds, insurance claims, Supporting Obligations and products of any and all of the foregoing; and all collateral security and guarantees given by any Person with respect to any of the foregoing.

For the avoidance of doubt, (i) in no event shall “Trademark Collateral” include any Excluded Property, including intent-to-use trademark applications (and rights in and to such applications) filed in the United States Patent and Trademark Office, pursuant to Section 1(b) of the Lanham Act, 15 U.S.C Section 1051 (the “Lanham Act”) prior to the accepted filing of a “Statement of Use” or “Amendment to Allege Use” and issuance of a “Certificate of Registration” pursuant to Section 1(d) of the Lanham Act, whereby such intent-to-use trademark application is amended to conform to the requirements for a “use in commerce” application pursuant to Section 1(c) of the Lanham Act, to the extent that granting a security interest in such trademark application prior to such filing and acceptance would adversely affect the enforceability or validity of such trademark application or the resulting trademark registration and (ii) the foregoing grant is merely a grant of a security interest and shall not be deemed an assignment.

**SECTION 3. Security Agreement.** This Trademark Security Agreement evidences the security interest granted to the Agent pursuant to the Security Agreement and the Grantor hereby acknowledges and affirms that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral are more fully set forth in the Security Agreement. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern.

**SECTION 4. Termination.** The term of this Trademark Security Agreement shall be co-terminous with the Security Agreement and the Agent shall execute, acknowledge and deliver to the Grantor all instruments in writing in recordable form to evidence and release the collateral pledge, grant, lien and security interest in the Trademark Collateral under this Agreement upon the termination of the Security Agreement.

**SECTION 5. GOVERNING LAW.** THIS TRADEMARK SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF BUT INCLUDING SECTIONS 5-1401 AND 5-1402 OF THE NEW YORK GENERAL OBLIGATIONS LAW.

**SECTION 6. Counterparts.** This Trademark Security Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Trademark Security Agreement by telecopier or electronic mail of “PDF” file shall be effective as delivery of a manually executed counterpart of this Trademark Security Agreement.

**SECTION 7 Intercreditor Agreement.** Notwithstanding anything herein to the contrary, the Liens and security interests granted to the Agent pursuant to this Trademark Security Agreement and the exercise of any right or remedy by the Agent hereunder are subject to the provisions of the Intercreditor Agreement. In the event of any conflict between the terms of the Intercreditor

Agreement and the terms of this Trademark Security Agreement, the terms of the Intercreditor Agreement shall control.
