Notwithstanding anything contained in this Trademark Security Agreement to the contrary, the term "Trademark Collateral" and any defined term used therein shall not include, and the Security Interest shall not attach to Excluded Collateral (as defined in the Guaranty and Security Agreement), including the following: any United States intent-to-use trademark applications for which an amendment to allege use or a statement of use has not been filed and accepted by the PTO, to the extent that, and solely during the period in which, the grant, attachment or perfection of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications or the resulting trademark registration under applicable federal law, provided that upon submission and acceptance by the PTO of an amendment to allege use or a statement of use pursuant to 15 U.S.C. Section 1051(c) or (d) (or any successor provision), such intent-to-use trademark application shall be considered Collateral.
