INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “Agreement”) is made this 30th day of April, 2019, between T-H MARINE SUPPLIES, LLC, a Delaware limited liability company (“Borrower”), CMC MARINE, LLC, a Delaware limited liability company (“CMC”; Borrower and CMC collectively referred to as “Grantors”), and BROOKSIDE MEZZANINE FUND IV, L.P. as agent (in such capacity, the “Agent”) for the Secured Parties (as defined in the Security Agreements, each a “Secured Party” and collectively, the “Secured Parties”).

WHEREAS, Grantors own the Trademarks and Trademark Applications (collectively, the “Trademarks”) listed on Schedule A attached hereto, as the same may be amended from time to time;

WHEREAS, Grantors and Agent have entered into that certain Loan Agreement dated as of even date herewith (as the same may hereafter be amended, restated, modified or supplemented from time to time, the “Loan Agreement”);

WHEREAS, pursuant to the terms of those certain Security Agreements dated as of even date herewith, between Grantors and Agent (together, the “Security Agreements”), Grantors have granted to Agent, for the benefit of the Secured Parties, a security interest in all their personal property and assets, including, without limitation, the assets listed on Schedule A attached hereto, as collateral to secure the Obligations (as defined in the Security Agreements);

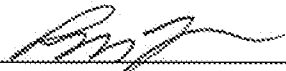

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereby agree as follows:

1. Each Grantor does hereby grant to Agent, for the benefit of the Secured Parties, a security interest in the following property, wherever arising or located (the “IP Collateral”): all of Grantor's right, title and interest in and to the Trademarks now owned or at any time hereafter acquired by Grantor or in which Grantor now has or at any time in the future may acquire any right, title, interest or license to, including all proceeds and products of any and all of the foregoing. Notwithstanding anything contained in this Agreement or any other Loan Document (as defined in the Loan Agreement) to the contrary, “IP Collateral” shall not include any “intent to use” trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the registrability of such “intent to use” trademark applications and the validity or enforceability of such “intent to use” trademark registrations issuing from such application under applicable federal law.
2. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of Agent with respect to its security interests in the IP Collateral made and granted herein are more fully set forth in the Loan Agreement and the Security Agreements, the terms and provisions of which are incorporated by reference herein, and include, without limitation, all rights and remedies of a secured party under the Uniform Commercial Code as adopted by the State of New York as in effect from time to time.

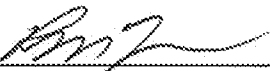

[Signature page follows]

IN WITNESS WHEREOF, the undersigned Grantors have caused this Intellectual Property Security Agreement to be duly executed and delivered as of the date first above written.
