TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of August 9, 2019, is made by each of the entities listed on the signature pages hereof (each a “Grantor” and, collectively, the “Grantors”), in favor of Cortland Capital Market Services LLC, as administrative agent, (in such capacity, together with its successors and permitted assigns, “Agent”) for the Secured Parties (as defined in the Term Loan Agreement referred to below).

RECITALS

A. Pursuant to the First Lien Term Loan Facility Credit Agreement, dated as of August 9, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “Term Loan Agreement”), by and among Borrowers, Borrower Representative, the other Credit Parties, and Lenders from time to time party thereto and Cortland Capital Market Services LLC, as Agent, and Lenders have severally agreed to make extensions of credit to Borrower upon the terms and subject to the conditions set forth therein.

B. Each Grantor has agreed, pursuant to a Guaranty and Security Agreement of even date herewith in favor of Agent (as amended, restated, supplemented or otherwise modified from time to time, the “Guaranty and Security Agreement”), to guarantee the Obligations (as defined in the Term Loan Agreement) of each Borrower.

C. All of Grantors are party to the Guaranty and Security Agreement pursuant to which Grantors are required to execute and deliver this Trademark Security Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the premises and to induce Lenders and Agent to enter into the Term Loan Agreement and to induce Lenders as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Guaranty and Security Agreement.

Section 2. Grant of Security Interest in Trademark Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations of such Grantor, hereby mortgages, pledges and hypothecates to Agent for the benefit of the Secured Parties, and grants to Agent for the benefit of the Secured Parties a Lien on and security interest in, all of its right, title and interest in, to and under the following Collateral of such Grantor (the Trademark Collateral”):

(a) all of its Trademarks and all IP Licenses providing for the grant by such Grantor of any right under any Trademark, including, without limitation, those referred to on Schedule 1 hereto, but excluding any United States intent-to-use trademark application to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability, or result in the abandonment, voiding or cancellation, of such intent-to-use trademark application under applicable federal law, it being understood that upon submission and acceptance by the PTO of an amendment to

allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall be considered part of the Trademark Collateral;

(b) all renewals and extensions of the foregoing;

(c) all goodwill of the business connected with the use of, and symbolized by, each such Trademark; and

(d) all income, royalties, proceeds and Liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Section 3. Guaranty and Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to Agent pursuant to the Guaranty and Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Guaranty and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 4. Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with their Trademarks and IP Licenses subject to a security interest hereunder.

Section 5. Recordation. Each Grantor authorizes the Commissioner for Trademarks to record and register this Trademark Security Agreement in connection with the Trademark Collateral.

Section 6. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Section 7. Governing Law. This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

[signature page follows]

IN WITNESS WHEREOF, the parties hereto have caused this Patent Security Agreement to be executed and delivered as of the day and year first above written.
