TRADEMARK ASSIGNMENT

This Trademark Assignment (this "Assignment") is made and entered into as of October 16, 2019 ("Effective Date") by and between Surtreat International, LLC, a Delaware limited liability company ("Assignor"), and Surtreat Innovative Technologies, LLC, an Illinois limited liability company ("Assignee").

WHEREAS, Surtreat International, LLC, and Coordinated Systems Consulting, Inc., are parties to that certain Asset Purchase Agreement dated as of August 14, 2019 (the "Purchase Agreement");

WHEREAS, pursuant to the Purchase Agreement, Assignor wishes to assign to Assignee, and Assignee, as nominee of Coordinated Systems Consulting, Inc., wishes to acquire from Assignor, the United States trademark registration identified on Exhibit A (the "Registered Trademark"), and unregistered trade names, trademarks and domain names identified on Exhibit B, together with the goodwill of the business associated therewith (collectively the "Marks"); and

WHEREAS, Assignee is a successor to that part of Assignor's business to which the Marks pertain, and that business is ongoing and existing.

NOW, THEREFORE, pursuant to the Purchase Agreement and in consideration of the premises, and for good and valuable consideration paid by Assignee to Assignor, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignor hereby sells, assigns, transfers and sets over to Assignee the entire right, title and interest in and to the Marks together with the goodwill of the business associated with the Marks and which are symbolized by the Marks, for the United States and throughout the world, including, without limitation, any registrations and applications therefor, any renewals and extensions of the registrations, and all other corresponding rights that are or may be secured under the laws of the United States and any foreign jurisdiction, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Marks, with the right to sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

2. Assignor requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies, to record Assignee as the assignee and owner of the Registration Number 2,756,602.

3. Assignor shall take all further actions, and provide to Assignee, Assignee's successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation) reasonably requested by Assignee to more fully and effectively effectuate the purposes of this Assignment, including, without limitation, with respect to the following: (1) the preparation and

prosecution of any application for registration, or any application for renewal of a registration, relating to any of the Marks or rights assigned herein; (2) the prosecution or defense of any interference, opposition, infringement or other proceedings that may arise in connection with any of the Marks or rights assigned herein, including, without limitation, testifying as to any facts relating to the Marks and this Assignment; (3) obtaining any additional trademark protection relating to rights assigned herein that Assignee may deem appropriate that may be secured under the laws now or hereafter in effect in the United States; and (4) in the implementation or perfection of this Assignment in all applicable jurisdictions throughout the world.

4. Assignor covenants and agrees that it shall not in the future: (i) seek or file a request for an opposition or cancellation of any of the Marks; (ii) file any action (court, administrative, governmental, or otherwise) seeking invalidity or unenforceability of any of the Marks; (iii) otherwise affirmatively challenge the scope, validity, or enforceability of any of the Marks; (iv) in the absence of compulsory process, cooperate or assist any third party in connection with any dispute, claim, or case involving any of the Marks; or (v) provide prior art or suggest arguments to any third party for the purpose of assisting them in challenging any of the Marks.

5. This Assignment shall be governed by and construed in accordance with the domestic laws of the same law governing the Purchase Agreement without giving effect to any choice of law or conflict of law provision or rule that would cause the application of the laws of any other jurisdiction.

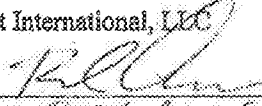

6. The parties may execute this Assignment in multiple counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument. A facsimile of any executed counterpart transmitted electronically by e-mail or fax shall be as binding as an original signature.
