## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented and/or otherwise modified from time to time, the “IP Security Agreement”) dated March 23, 2020, is made by the Persons listed on the signature pages hereof (collectively, the “Grantors”) in favor of MORGAN STANLEY SENIOR FUNDING, INC. (“MSSF”), in its capacity as collateral agent for the Lenders (as defined in the Credit Agreement referred to below) (in such capacity, together with its successors in such capacity, the “Collateral Agent”).

WHEREAS, ROYAL CARIBBEAN CRUISES LTD., a Liberian corporation, the lenders party thereto from time to time, MSSF, as administrative agent and as Collateral Agent, and the other parties thereto from time to time, entered into a Term Loan Agreement, dated as of March 23, 2020 (as amended, restated, amended and restated, supplemented and/or otherwise modified from time to time, the “Credit Agreement”). Capitalized terms used herein, defined in the Credit Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement.

WHEREAS, as a condition precedent to the making of Advances, each Grantor has executed and delivered that certain Pledge and Security Agreement, dated March 23, 2020, made by the Grantors to the Collateral Agent (as amended, restated, amended and restated, supplemented and/or otherwise modified from time to time, the “Pledge and Security Agreement”).

WHEREAS, under the terms of the Pledge and Security Agreement, the Grantors have granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby pledges, assigns and grants to the Collateral Agent, on behalf of and for the ratable benefit of the Secured Parties, and to secure the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of all Obligations, a continuing lien on and security interest in all of its right, title and interest in, to and under all of the following property, owned by or owing to, or in which such Grantor has any right, title or interest, and regardless of where located (all of which are collectively referred to as the “Collateral”), to the extent owned by a Grantor:

- (i) all trademarks, service marks, trade dress, logos, designs, slogans, trade names, and other source identifiers, whether registered or unregistered (provided that no security interest shall be granted in (and the definition of Collateral shall not include) United States Trademark applications filed on the basis of the applicant’s intent-to-use such Trademark, to the extent that, and solely during the period in which, the grant of a security interest therein would impair or adversely affect the validity or enforceability of such intent-to-use Trademark application under applicable federal law; provided that upon submission to and acceptance by the U.S. Patent and Trademark Office of evidence of use of the Trademark pursuant to Section 1(c) or Section 1(d) of the Lanham Act (15 U.S.C. §1051, et seq.) (or any successor provision), such intent-to-use Trademark application shall be included in the Collateral and have the security interest granted against it), together, in each case, with the goodwill symbolized thereby (collectively, “Trademarks”), including those registrations and applications listed on Schedule I hereto;

(ii) all registrations and applications for registration for any of the foregoing;

(iii) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages;

(iv) any and all income, royalties and other payments now or hereafter due and payable with respect to any and all of the foregoing or arising from any of the foregoing; and

(v) all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto; and

(vi) any and all proceeds of any of the foregoing.

SECTION 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this IP Security Agreement secures the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of all the Obligations of such Grantor. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Obligations and that would be owed by such Grantor to the Collateral Agent or the Secured Parties under the Loan Documents but for the fact that such Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Grantor.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Commissioner for Trademarks and any other applicable government officer record this IP Security Agreement.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this IP Security Agreement by email or other electronic (including in “.pdf” or “.tif” format) means shall be effective as delivery of a manually executed counterpart of this IP Security Agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Pledge and Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Pledge and Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York, without reference to any conflicts of law provisions which would require the application of the laws of any other State or jurisdiction.

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
