Assignor represents and warrants that Assignor has not transferred, licensed, and/or assigned any interest in the Trademarks and Inventions to anyone other than Assignee, and that Assignor has not entered into any contract, assignment, or license conveying any right granted to Assignee hereunder, or that would otherwise conflict with this Assignment.

Assignor agrees to execute and deliver at the request of Assignee, and at Assignee's sole cost and expense, any papers, instruments, affidavits, declarations, powers of attorney and assignments reasonably requested by Assignee to vest in Assignee all of Assignor's right, title and interest in and to the Trademarks and Inventions and the applications and registrations therefor and/or to provide evidence to support such assignment in the event such evidence is deemed useful by Assignee.
