**AMENDED AND RESTATED TRADEMARK AND PATENT
COLLATERAL ASSIGNMENT AND SECURITY AGREEMENT**

THIS AMENDED AND RESTATED TRADEMARK AND PATENT COLLATERAL ASSIGNMENT AND SECURITY AGREEMENT (this "Agreement") is made as of the 19th day of May 2020, by and between **WILLERT HOME PRODUCTS, INC.**, a Missouri corporation ("Willert") and **SUPER BRANDS, LLC**, a Nevada limited liability company ("Super Brands") (Willert and Super Brands are referred to herein as "Assignors" and each as an "Assignor"), jointly and severally, each with its principal place of business at 4044 Park Avenue, St. Louis, Missouri 63110, and **ENTERPRISE BANK & TRUST**, a Missouri-chartered trust company, with an office at 150 N. Meramec, St. Louis, Missouri 63105, as administrative agent ("Agent") for itself and the other Lenders (as defined in the Credit Agreement (as hereinafter defined)).

WHEREAS, Assignors have executed and delivered to Agent and Lenders a Credit Agreement dated as of August 19, 2014 (as amended from time to time, the "Credit Agreement"), which provides that Lenders shall, subject to the terms and conditions thereof, extend credit to or for the benefit of Assignors in an outstanding aggregate principal amount not to exceed \$31,089,856;

WHEREAS, in connection with the Credit Agreement, Assignors executed and delivered to Agent and Lenders the Trademark and Patent Collateral Assignment and Security Agreement dated August 19, 2014 (the "Original Agreement");

WHEREAS, in order to induce Agent and Lenders to extend additional credit under the Credit Agreement, Assignors have agreed to amend and restate the Original Agreement in its entirety and grant to Agent, for the benefit of Lenders, a security interest in, and collaterally assign to Agent, for the benefit of Lenders, certain trademark and patent rights; and

WHEREAS, under the Credit Agreement, Agent, for the benefit of Lenders, has been granted a security interest in, among other things, all equipment, inventory, accounts, general intangibles, books, records, product specifications, goodwill, customer lists and trade secrets (collectively, the "Other Assets") relating to products sold under the Intellectual Property, as defined hereinafter; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby agree with Agent as follows:

1. Capitalized Terms. Capitalized terms used and not defined herein shall have the meaning given to them in the Credit Agreement.

2. Grant of Security Interest; Collateral Assignment.

(a) To secure the complete and timely satisfaction of the Obligations, Assignors hereby grant to Agent, for the benefit of Lenders, a continuing security interest in all of their right, title and interest in and to the trademark(s), trade name(s), servicemark(s), trademark application(s), trademark(s), patent application(s) and patent(s) listed on Schedule A attached hereto (as the same may be amended pursuant hereto from

time to time) (collectively, the “Intellectual Property”), including, without limitation, all renewals thereof, all proceeds thereof (such as, by way of example, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements and all rights corresponding thereto throughout the world and all reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof (all of the foregoing are collectively called the “Intellectual Property Rights”), and the goodwill of the business to which the Intellectual Property relates (the “Associated Goodwill”) (the Intellectual Property, the Intellectual Property Rights, and the Associated Goodwill are collectively called the “Intellectual Property Collateral”).

(b) In addition to the grant of security interest provided in Section 2(a), Assignors hereby assign and convey to Agent, for the benefit of Lenders, all of their right, title and interest in and to the Intellectual Property Collateral; provided, however, that such assignment and conveyance shall be and become of force and effect only, and shall immediately and automatically become of force and effect without further action, upon the occurrence of an Event of Default.

3. Representations, Warranties and Covenants of Assignors. Assignors represent, covenant and warrant to Agent that:

(a) The registrations of the Intellectual Property are subsisting and have not been adjudged invalid or unenforceable;

(b) The Intellectual Property is valid and enforceable;

(c) No claim has been made that the use of the Intellectual Property does or may violate the rights of any third person;

(d) Assignors have the unqualified right to enter into this Agreement and to perform its terms;

(e) Assignors shall use, for the duration of this Agreement, the proper statutory notice in connection with its use of the Intellectual Property; and

(f) Assignors shall use for the duration of this Agreement, consistent standards of quality in its manufacture and/or sale of products sold under the Intellectual Property.

4. Inspection Rights. Assignors hereby grant to Agent and its employees, agents and designees the right to visit Assignors’ plants and facilities which manufacture, distribute or store products sold under the Intellectual Property, and to inspect the products and quality control records relating thereto, in each case with reasonable advanced notice and during normal business hours. Assignors shall do any and all acts reasonably required by Agent to ensure Assignors’ compliance with Section 2(f) hereof.

5. Further Assurances. Assignors agree that, until all of the Obligations shall have been satisfied in full and the Credit Agreement has been terminated in accordance with its terms, it will not enter into any agreement (for example, a license agreement) which is inconsistent with

Assignors' obligations under this Agreement, without Agent's prior written consent. Assignors further agree that at any time and from time to time, at the expense of Assignors, Assignors will promptly execute and deliver all further instruments and documents, and take all further action, that may be necessary or desirable, or that Agent may reasonably request, in order to perfect and protect the security interest and collateral assignment granted or purported to be granted hereby or to enable Agent to exercise its rights and remedies hereunder.

6. Additional Intellectual Property. If, before the Obligations shall have been satisfied in full, Assignors shall obtain rights to any registrations of any new trademark(s), trade name(s), servicemark(s), trademark application(s), trademark(s), patent application(s) or patent(s), the provisions of Section 2 shall automatically apply thereto and Assignors shall give Agent prompt written notice thereof.

7. Modification by Agent. Assignors authorize Agent to modify this Agreement by amending Schedule A to include any future registrations of any trademark(s), trade name(s), servicemark(s), trademark application(s), trademark(s), patent application(s), or patent(s) covered by Sections 2 and 6 hereof, without the signature of any Assignor to the extent permitted by applicable law.

8. Grant of License to Agent for the benefit of Lenders. Assignors hereby presently grant to Agent, for the benefit of Lenders, a license to use the Intellectual Property in connection with the Collateral, upon and after the foreclosure upon, sale or other transfer of all or any part of the Collateral by or to Agent, for the benefit of Lenders, pursuant to the Credit Agreement and/or this Agreement. The license granted in this Section 8 may be transferred by Agent, without any Assignor's consent, to any successor of Agent, any assignee of Agent, and/or any purchaser or other transferee of any or all of the Collateral. This license may not be revoked until all of the Obligations have been satisfied in full and the Credit Agreement has been terminated in accordance with its terms.

9. Rights of Assignor. Unless and until there shall have occurred an Event of Default, Assignors shall own the title to the Intellectual Property Collateral and shall have the exclusive, nontransferable right to use the Intellectual Property on and in connection with products sold by Assignors, for Assignors' own benefit and account and for none other. Assignors agree not to sell or assign its interest in, or grant any license under the Intellectual Property or the other Intellectual Property Collateral, other than the license to Agent, for the benefit of Lenders, hereunder, without the prior written consent of Agent.

10. Default. If any Event of Default shall have occurred, Agent shall have, in addition to all other rights and remedies given it by this Agreement, those provided in the Credit Agreement and those allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Intellectual Property Collateral may be located.

11. Termination of Agreement. At such time as Assignors shall completely satisfy all of the Obligations and the Credit Agreement shall be terminated in accordance with its terms, this Agreement shall terminate and Agent shall execute and deliver to Assignors, at Assignors' expense, and without recourse, representation or warranty, all releases, assignments and other

instruments as may be necessary or proper to re-vest in Assignors full title to the Intellectual Property Collateral, subject to any disposition thereof which may have been made by Agent pursuant hereto.

12. Expenses. Any and all reasonable fees, costs and expenses, of whatever kind or nature, including, without limitation, reasonable attorneys' fees and legal expenses, incurred by Agent in connection with the preparation of this Agreement and all other documents relating hereto and the consummation of this transaction, the filing or recording of any documents (including, without limitation, all taxes in connection therewith) in public offices, the payment or discharge of any taxes, counsel fees, maintenance fees, encumbrances or otherwise protecting, maintaining or preserving the Intellectual Property Collateral, or in defending or prosecuting any actions or proceedings arising out of or related to the Intellectual Property Collateral, shall, to the extent permitted by applicable law, be borne and paid by Assignors on demand by Agent and until so paid shall be added to the principal amount of the Obligations and shall bear interest at the interest rate then applicable under the Credit Agreement.

13. Preservation of Intellectual Property Rights. Assignors shall have the duty, through counsel reasonably acceptable to Agent, to do any and all acts which are reasonably necessary or desirable to preserve and maintain all rights in the Intellectual Property. Any expenses incurred in connection with the foregoing shall be borne by Assignors. Assignors shall not abandon any Intellectual Property without the prior written consent of Agent, which consent shall not be unreasonably withheld. Assignors shall have the right, with the consent of Agent, which consent shall not be unreasonably withheld, to bring any opposition proceedings, cancellation proceedings or lawsuit in its own name to enforce or protect the Intellectual Property, in which event Agent may, if necessary, be joined as a nominal party to such suit so long as Agent is satisfied, in its sole determination, that such joinder will not subject it to any risk of liability. Assignors shall promptly, upon demand, reimburse and indemnify Agent for all damages, costs and expenses, including, without limitation, reasonable attorneys' fees, incurred by Agent in the fulfillment of any provision of this Section 13.

14. Agent Appointed Attorney-In-Fact. Assignors hereby authorize and empower Agent, upon and after the occurrence and during the continuation of an Event of Default, to make, constitute and appoint any officer or agent of Agent, as Agent may select, in its exclusive discretion, as Assignors' true and lawful attorney-in-fact, with the power to endorse each Assignor's name on all applications, documents, papers and instruments necessary for Agent to use the Intellectual Property or the other Intellectual Property Collateral, or to grant or issue any exclusive or non-exclusive license under the Intellectual Property Collateral to Agent or anyone else, or necessary for Agent to assign, pledge, convey or otherwise transfer title in or dispose of the Intellectual Property Collateral to anyone else. Assignors hereby ratify all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable for the life of this Agreement.

15. Agent May Act. If any Assignor fails to comply with any of its obligations hereunder, Agent may do so in such Assignor's name or in Agent's name to the extent permitted by applicable law, but at such Assignor's expense, and Assignors hereby agree to reimburse Agent in full for all reasonable expenses, including, without limitation, reasonable attorneys'

fees, incurred by Agent in protecting, defending or maintaining the Intellectual Property Collateral or any part thereof.

16. No Waiver. No course of dealing between any Assignor and Agent, nor any failure to exercise, nor any delay in exercising, on the part of Agent, any right, power or privilege hereunder, under the Credit Agreement or under applicable law shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

17. Rights Cumulative. All of Agent's rights and remedies with respect to the Intellectual Property Collateral, whether established hereby or by the Credit Agreement or by any other agreements or by law, shall be cumulative and may be exercised singularly or concurrently.

18. Severability. The provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

19. Modification. This Agreement is subject to modification only by a writing signed by the parties, except as provided in Section 7.

20. Inurement. The benefits and burdens of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of Assignors, Agent and Lenders; provided however, that the foregoing provision shall not invalidate or otherwise modify the restrictions imposed on Assignors hereunder with respect to transferring any part of or interest in the Intellectual Property Collateral.

21. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the internal laws of the State of Missouri.

22. Headings. The headings contained in this Agreement are and shall be without substantive meaning or content of any kind whatsoever and are not a part of the agreement between the parties hereto.

23. Counterparts; Delivery. This Agreement may be executed in one or more counterparts and may be delivered in the original, by facsimile or electronically, each of which shall be deemed an original, but all of which together shall constitute one and the same document.

24. Jury Trial. ASSIGNORS HEREBY WAIVE ANY RIGHT TO TRIAL BY JURY (WHICH AGENT ALSO WAIVES) IN ANY ACTION, SUIT, PROCEEDING OR COUNTERCLAIM OF ANY KIND ARISING OUT OF OR RELATING TO THIS AGREEMENT.

25. Jurisdiction. This Assignment has been negotiated, executed and delivered in various jurisdictions.
