INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment Agreement (this "Assignment"), dated as of 1 January 2020, is by and between Kamagames Entertainment Group Limited ("Assignee"), and Zotobi Management Limited ("Assignor").

WHEREAS, Assignor is the owner of the Intellectual Property as set forth on Schedule 1 attached hereto ("Assigned IP");

WHEREAS, Assignor wishes to assign, transfer, and transfer to Assignee the Intellectual Property in Schedule 1, and Assignee wishes to take ownership, title, and right in the certain intellectual property in Schedule 1; that will be part of the asset transfer; and

NOW, THEREFORE, in consideration of the mutual agreements contained herein, and expressly subject thereto, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors and Assignee, intending to be legally bound, hereby agrees as follows:

1. Assignment. Assignor hereby assigns, conveys, transfers, and delivers to Assignee any and all of Assignor's right, title and interest in and to the Assigned IP, including: all goodwill associated with the Assigned IP including that related to the products and services for which each item of Assigned IP is associated and for which each corresponding item of Assigned IP is registered or recorded; the look and feel of any websites associated with the Assigned IP (as applicable); all income, royalties, and damages hereafter due and payable to such Assignor with respect to the Assigned IP, including without limitation, damages for any and all past, present and future causes of action and other enforcement actions (including, without limitation, for injunctive remedies and relief) and rights to damages and profits, due or accrued, relating to any of the foregoing, including the right to sue and recover for, and the right to profits and damages, due or accrued, arising out of or in connection with, any and all past, present or future infringements, misappropriations or dilutions; all rights pursuant to 15 U.S.C. 1051 et. seq., and all other applicable acts and associated amendments; any and all registrations or renewals associated with the Assigned IP; and all rights that apply in any country relating to any foreign counterpart, certification, registration or other governmental grant or issuance relating to, or seeking the benefit of, the Assigned IP throughout the world.

2. Recordation of Assignment. This Assignment may be made of record in any government and/or administrative authorities, including in the United States Patent and Trademark Office or any domain name registrar, as appropriate and desired by Assignee. Assignor hereby irrevocably authorizes and request the Director of the U.S. Patent and Trademark Office and any official of any other country whose duty it is to record changes in assignment of trademarks, and to issue renewals, extensions and/or registrations for trademarks included in, related to or derived from, the Assigned IP to Assignee, its successors and assigns. Assignor hereby irrevocably consents and authorizes all registrars to transfer any and all associated domain names included in the list of Assigned IP on Schedule 1 to the Assignee in accordance with the regular transfer procedures of each such registrar.

3. Further Assurances. Assignor, for itself, and its heirs, assigns, and legal representatives hereby further covenants to and with Assignee and its successors, assigns, and legal representatives to fully cooperate therewith in perfecting this assignment in the United States and in any and all foreign jurisdictions as required, said cooperation extending to all Assigned IP, and including the execution of additional assignments or other formal documents as may be required in connection therewith. Assignor, for itself, and its heirs, assigns, and legal representatives hereby further covenants to and with Assignee and its successors, assigns, and legal representatives to take such other actions and execute such other agreements and instruments as are reasonably deemed necessary by Assignee or the registrar to document and give effect to the assignment and transfer of each domain name included in the Assigned IP to Assignee. Assignor will cooperate promptly in facilitating the transfer to the Assignee of each domain name with each such associated registrar, and will follow the rules designated by each such registrar to effect such transfer, including promptly responding to all e-mails sent to Assignor's contact by each such registrar requesting actions necessary to the transfer including confirming the transfer of each such domain name to Assignee. Assignee will establish an account with each such registrar, or will set up or identify to Assignors another registrar of Assignee's choosing, and will initiate the transfer and follow the procedures required by each such registrar until completion of the transfer of each such domain name.

4. Future Use of Assigned IP. Assignor agrees that they shall not in the future register, use, apply to register or assist any third party with registering, use or apply to register a domain name, trademark, or designation that comprises or includes, whether alone or in combination with each other or with other words, the Assigned IP.

5. Liabilities. Assignee shall not assume or become obligated in any way to pay any liabilities, debts, or obligations of Assignor whatsoever, including, but not limited to, any liabilities or obligations now or hereafter arising from Assignor's business activities that took place prior to the execution of this Agreement or any liabilities arising out of or connected to the execution of this Agreement. Assignor shall indemnify and hold harmless Assignee and its officers, directors, affiliates, employees, and agents against any loss or claim related to the foregoing.

6. Representations and Warranties of Assignor. Assignor represents and warrants that (i) Assignor has full power and authority to enter into this Agreement and will be bound by and perform its obligations under this Agreement; (ii) this Agreement, when signed and delivered by Assignor, will be duly and validly executed and delivered and will be the valid and binding obligation of Assignor, enforceable against Assignor, in accordance with its terms; (iii) neither the signing and delivery of this Agreement by Assignor, nor the performance by Assignor of its obligations under this Agreement, will violate any law, statute, rule, or regulation or order, judgment, injunction, or decree of any court, administrative agency, or governmental body applicable to Assignors; (iv) Assignor has not taken any action to assign, transfer, or encumber any of the Assigned IP; (v) Assignor is not legally bound by any agreements or obligation relating to the Assigned IP that could (a) obligate Assignor or Assignee to license or otherwise grant rights to any other person or entity to any of the Assigned IP (other than in association with the licenses and/or Transition Services and Operations Agreement associated with the APA), (b) result in a claim against or lien on any of the Assigned IP, or (c) prohibit the arrangements contemplated hereby or result in a claim with respect to any of the Assigned IP; (vi) Assignor possesses all rights, title, and interest in and to the Assigned IP and any related websites; (vii) Assignor has no knowledge of any existing threatened or known claims or liabilities related to the use of the Assigned IP; and (viii) the Assigned IP is free and clear of any liens, security interests, or other encumbrances.

7. Indemnification. In addition to the Assignor's indemnity found in Section 5 herein, each party shall indemnify and hold harmless the other party, its officers, directors, employees, agents, affiliates, successors, and assigns for any and all costs, expenses, and liabilities, including reasonable attorney's fees, arising out of such party's acts or omissions in performing or failing to perform its obligation under this Agreement, including breach of any provision, representation, or warranty set forth in this Agreement. The obligations of each party (the "Indemnitor") under this Agreement to defend, indemnify, and hold harmless the other party and its affiliates, and their respective employees, representatives and agents (each, an "Indemnitee") shall be subject to the following: (a) the Indemnitee shall provide the Indemnitor with prompt notice of any claims, demands, causes of action, proceedings, or lawsuits ("Claim") giving rise to such obligation; provided, however, that any failure or delay in giving such notice shall only relieve the Indemnitor of its obligation to defend, indemnify, and hold the Indemnitee harmless to the extent it reasonably demonstrates its defense or settlement of the Claim was adversely affected thereby; (b) the Indemnitor shall have sole control of the defense and of all negotiations for settlement of such Claim; and (c) the Indemnitee shall cooperate with the Indemnitor in the defense or settlement of any such Claim at the Indemnitor's expense. Notwithstanding the foregoing, the Indemnitor shall not settle any claim unless such settlement completely and forever releases the Indemnitee from all liability with respect to such Claim or unless the Indemnitee consents to such settlement in writing. Where the Indemnitor does not request the Indemnitee to cooperate in the defense or settlement of any such Claim in which the Indemnitee is involved, the Indemnitee may participate in the defense of the Claim at its own expense.

8. Governing Law. This Agreement shall be governed and construed in accordance with the laws of the Isle of Man, without reference to any choice of law principles.

9. No Impact on Prior Rights. Nothing in this Assignment is intended by the parties to (i) amend any rights or terms of any prior agreements to which the parties are signatories, or (ii) prejudice any other right of Assignee or Assignors.

10. Successors and Assigns. This Assignment shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and assigns.

11. Amendments and Waivers. No amendment, modification, waiver, replacement, termination, or cancellation of any provision of this Assignment will be valid, unless the same will be in writing and signed by Assignee and each Assignor.

12. Counterparts. This Assignment may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more such counterparts have been signed by each of the parties and delivered to the other party. Facsimile or electronic mail transmission of counterpart signatures to this Assignment shall be acceptable and binding.

IN WITNESS WHEREOF, the parties have executed this Assignment as of this date first above written.
