GRANT OF SECURITY INTEREST IN TRADEMARKS

FOR VALUABLE CONSIDERATION, as of this 9th day of December, 2020, the receipt and adequacy of which is acknowledged, SSG International, LLC, a Michigan limited liability company ("Grantor"), grants to Comerica Bank, a Texas banking association ("Bank"), a security interest in all of Grantor's right, title and interest in and to the following, whether existing now or later, or on which Grantor now has or later acquires an interest, and wherever the same may be located ("Trademark Collateral"):

1. All rights, title and interest (including rights acquired pursuant to a license or otherwise, but only to the extent permitted by the agreements governing such license or other use and without resulting in the abandonment, invalidation or unenforceability of any right, title or interest of Grantor therein) in and to all trademarks, whether registered or not, and trademark applications and registrations, and the goodwill of the business symbolized thereby, including without limitation the following trademarks (collectively, the "Trademarks") described on Exhibit A.
2. All proceeds, products, rents and profits of or from any and all the foregoing Trademark Collateral and, to the extent not otherwise included, all payments under insurance (whether or not Bank is the loss payee), or any indemnity, warranty or guaranty, payable by reason of loss or damage to or otherwise in respect of any of the foregoing Trademark Collateral. For these purposes, the term "Proceeds" includes whatever is received or receivable when any Trademark Collateral or other proceeds are sold, exchanged, collected or otherwise disposed of, whether such disposition is voluntary or involuntary.

Grantor has granted the security interest under this instrument pursuant to the terms of an Intellectual Property Security Agreement, dated on or about the date hereof (as may be amended, restated and/or modified from time to time, the "Security Agreement"), made by Grantor in favor of Bank for the purposes of security as provided in the Security Agreement. Grantor acknowledges and affirms that the rights, privileges and remedies of Bank with respect to the security interest in the Trademark Collateral granted in this instrument are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated in this instrument by this reference.
