## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, restated, supplemented, modified or otherwise in effect from time to time, the “**IP Security Agreement**”) dated January 13, 2021, is made by the Persons listed on the signature pages hereof (collectively, the “**Grantors**”) in favor of MGF SOURCING US, LLC, a national banking association, as collateral agent (in such capacity, together with its successors and assigns in such capacity, the “**Collateral Agent**”) for ratable benefit of the Secured Parties (as defined in the Security Agreement referred to below).

WHEREAS, each Grantor has executed and delivered that certain Guaranty and Security Agreement, dated as of January 13, 2021, made by the Grantors to the Collateral Agent (as amended, amended and restated, restated, supplemented, modified or otherwise in effect from time to time, the “**Security Agreement**”).

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in all of such Grantor’s right, title and interest in and to the following (the “**Collateral**”):

(a) any and all Patents (as defined in the Security Agreement), including, without limitation, the patents and patent applications set forth in Schedule A hereto together with any and all (i) rights, priorities and privileges arising under applicable law with respect to the foregoing, (ii) reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (iii) income, fees, royalties, damages, claims and payments now or hereafter due and/or payable thereunder and with respect thereto including, without limitation, damages and payments for past, present or future infringements thereof, (iv) rights corresponding thereto throughout the world and (v) rights to sue for past, present or future infringements thereof;

a. any and all Trademarks (as defined in the Security Agreement) and the Goodwill (as defined in the Security Agreement) associated therewith and symbolized thereby, and all registrations and applications for the foregoing, including, without limitation, the registrations and applications set forth in Schedule B hereto, together with any and all (i) rights, priorities and privileges arising under applicable law with respect to the foregoing, (ii) reissues, continuations, extensions and renewals thereof, (iii) income, fees, royalties, damages and payments now and hereafter due and/or payable thereunder and with respect thereto, including, without limitation, damages, claims and payments for past, present or future infringements thereof, (iv) rights corresponding thereto throughout the world and (v) rights to sue for past, present and future infringements and dilutions thereof;

b. any and all Copyrights (as defined in the Security Agreement) and exclusive Copyright licenses and all registrations and applications for registration thereof, including, without limitation, the registrations, applications and exclusive licenses set forth in Schedule C hereto, together with any and all (i) rights, priorities and privileges arising under applicable law with respect to the foregoing, (ii) renewals, restorations, supplemental registrations, and extensions thereof, (iii) income, fees,

royalties, damages, claims and payments now or hereafter due and/or payable with respect thereto, including, without limitation, damages and payments for past, present or future infringements thereof, (iv) rights corresponding thereto throughout the world, and (v) rights to sue for past, present or future infringements thereof; and

c. all Proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and Supporting Obligations relating to, any and all of the foregoing;

provided that, notwithstanding anything to the contrary in this IP Security Agreement, (x) this IP Security Agreement shall not constitute a grant of a security interest in, and (y) the term "Collateral" shall not include, any Excluded Assets.

SECTION 2. Security for Obligations.

(a) The grant of a security interest in, the Collateral by each Grantor under this IP Security Agreement secures the payment of all Subordinated Obligations of such Grantor now or hereafter existing under or in respect of the Subordinated Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations and that would be owed by such Grantor to any Secured Party under the Subordinated Documents but for the fact that such Secured Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.

(b) Notwithstanding anything herein to the contrary, the Liens and security interests granted to the Collateral Agent pursuant to this IP Security Agreement, and the exercise of any right or remedy by the Collateral Agent hereunder, are subject to the provisions of the Subordination and Intercreditor Agreement. In the event of any conflict between the terms of the Subordination and Intercreditor Agreement and the terms of this IP Security Agreement, (i) as between the Collateral Agent, on one hand, and the Grantors, on the other hand, the terms of this IP Security Agreement shall govern and control, and (ii) as between the Collateral Agent, on one hand, and the ABL Agent and/or the Term Agent, on the other hand, the terms of the Subordination and Intercreditor Agreement shall govern and control.

SECTION 2. Recordation. The Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this IP Security Agreement.

SECTION 3. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. To the extent there is any conflict with the terms of this IP Security Agreement and the Security Agreement, the terms of the Security Agreement shall control.

SECTION 4. Termination. This IP Security Agreement shall terminate concurrently with the termination of the Security Agreement in accordance with the terms thereof.

SECTION 5. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 6. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this IP Security Agreement by telecopier or other electronic transmission shall be effective as delivery of an original executed counterpart of this IP Security Agreement.

[Remainder of Page Intentionally Left Blank; Signature Page Follows.]

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
