**AMENDED AND RESTATED
INTELLECTUAL PROPERTY ASSIGNMENT**

This Amended and Restated Intellectual Property Assignment (this “Assignment”) dated July 8, 2021, effective as of April 1, 2021 (the “Effective Date”), is made by the National Insurance and Indemnity Corporation, a Vermont corporation (“Assignor”), in favor of Greyhound Lines, Inc., a Delaware corporation (“Assignee”).

WHEREAS, Assignor has agreed to sell, convey, deliver, transfer and assign, and cause to be sold, conveyed, delivered, transferred and assigned, to Assignee, and Assignee has agreed to acquire, all right, title, and interest of Assignor in and to the trademarks, logos, trademark applications and trademark registrations listed on Exhibit A hereto (the “Trademarks”) and the copyright listed on Exhibit B hereto (the “Copyright”); and

WHEREAS, Assignor and Assignee intend for this Assignment to be effective as of the Effective Date.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. Assignment. As of the Effective Date, Assignor hereby irrevocably assigns, sells, transfers, conveys and delivers to Assignee, its successors and assigns, and Assignee hereby accepts the assignment, sale, transfer, conveyance and delivery of, effective as of the date first referred above, all right, title, and interest of Assignor, free and clear of all liens, in and to:

- (a) the Trademarks listed in Exhibit A;
- (b) the Copyright listed in Exhibit B;
- (c) all registrations and pending applications to register or otherwise obtain legal protection, domestic and foreign, for any of the foregoing;
- (d) all rights to make application, domestic and foreign, in the future to register, extend, renew or otherwise obtain or maintain legal protection for any of the foregoing;
- (e) all rights to grant licenses or other interests in or to any of the foregoing;
- (f) all rights of priority under laws, domestic and foreign, and international conventions with respect to any of the foregoing;
- (g) all income, royalties, damages, and payments now or hereafter due or payable in respect thereto;
- (h) all goodwill of the business associated with the Trademarks and the Copyright;
- (i) all benefits, privileges, common law rights, causes of action (either in law or equity), and remedies relating thereto, and the right to sue, counterclaim, otherwise bring

actions and recover for past, present, and future infringement, misappropriation, or dilution of any of the foregoing; and

(j) all other rights and privileges corresponding thereto throughout the world;

the same to be held and enjoyed by Assignee for its own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made.

2. Further Assurances. Assignor further agrees, at Assignee's sole cost and expense, to execute and deliver, or arrange for the delivery of, such further documents and instruments as Assignee may reasonably request, to effectuate and record this Assignment and the assignment of the Trademarks and the Copyright, including execution of assignments in recordable form in each jurisdiction where registrations or applications for the Trademarks or the Copyright may be issued or pending and to take the steps necessary to put in the name of Assignee all of the Trademarks and the Copyright being transferred hereunder.

3. Due Authorization. Assignor hereby authorizes and requests any official of any applicable governmental authority to (a) record Assignee as assignee and owner of the entire right, title and interest in and to the Trademarks and the Copyright and (b) issue any and all registrations from any and all applications for registration included in the Trademarks and the Copyright to and in the name of Assignee.

4. No Representations or Warranties. Assignee acknowledges and agrees that the Trademarks and the Copyright are assigned to Assignee hereunder on an "as is" and "where is" basis, and Assignor expressly disclaims any and all representations and warranties of any kind, either express or implied, including any warranties of validity, enforceability or infringement or dilution of any third-party rights.

5. Governing Law. This Assignment and all claims or causes of action (whether in contract, tort or statute) that may be based upon, arise out of or relate to this Assignment or the negotiation, execution or performance of this Assignment and any disputes arising under or related hereto shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to the conflicts of law rules of such state.

6. Counterparts; Effectiveness. This Assignment may be signed in any number of counterparts, and by each party on separate counterparts. Each such counterpart shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Assignment shall become effective when each party hereto shall have received a counterpart hereof signed by the other party. Until and unless each party has received a counterpart hereof signed by the other party, this Assignment shall have no effect and no party shall have any right or obligation hereunder (whether by virtue of any other oral or written agreement or other communication). Delivery of a counterpart hereof by email attachment shall be an effective mode of delivery.
