## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this "**Instrument**"), dated as of April 21, 2022, is by and between Specialized Bicycle Components, Inc., a California corporation (the "**Parent**"), and EIC Special Holding Co., a Delaware corporation (the "**OpCo**"). The Parent and the OpCo are sometimes referred to in this Instrument together as the "**Parties**" or individually as a "**Party**". Unless the context otherwise requires, capitalized terms used in this Instrument have the meanings given to them in Restructuring Agreement (as defined below).

### BACKGROUND

The Parent is: (a) the owner of each of the patents and patent applications set forth on **Exhibit A** (collectively, the "**Patents**"); (b) the owner of each of the trademarks and service marks, trademark and service mark registrations, and trademark and service mark applications set forth on **Exhibit B** (collectively, the "**Trademarks**"); (c) the owner of each of the copyrights, copyright registrations and copyright applications set forth on **Exhibit C** (collectively, the "**Copyrights**"); and (d) the registrant of record and owner of each of the Internet domain names set forth on **Exhibit D** and the domain name registrations therefor (collectively, the "**Domain Names**" and, together with the Patents, Trademarks and Copyrights, the "**Intellectual Property**"). The Parties have entered into that certain Restructuring Agreement, dated as of the date hereof (the "**Restructuring Agreement**"), pursuant to which the Parent agreed to Contribute to the OpCo all of the OpCo Contributed Assets (including the Intellectual Property), and the OpCo agreed to purchase and acquire from the Parent all of the OpCo Contributed Assets (including the Intellectual Property). This Instrument constitutes the Owned IP Assignment under the Restructuring Agreement and further evidences and effects the transactions contemplated by the Restructuring Agreement.

### AGREEMENT

NOW, THEREFORE, the Parties, intending to be legally bound, agree as follows:

- 1. Assignment of Intellectual Property.** Pursuant to the Restructuring Agreement and in accordance with the terms thereof, effective as of the OpCo Contribution Effective Time, the Parent hereby contributes, assigns, conveys, transfers and delivers to the OpCo, and the OpCo hereby purchases and acquires from the Parent, all of the Parent's right, title and interest in, to and under the Intellectual Property, including all goodwill symbolized thereby, all rights therein provided by international conventions and treaties, all rights of priority and renewals, and all rights to sue and recover damages for past, present and future infringement, dilution, misappropriation, unlawful imitation or other violation thereof or conflict therewith. The Parent, on behalf of itself and its successors and assigns, subject to the terms of the Restructuring Agreement, covenants and agrees to warrant and, with the OpCo, defend the contribution, assignment, conveyance, transfer and delivery of the Intellectual Property to the OpCo against all other persons and entities.
- 2. Due Authorization.** The Parent hereby authorizes and requests the Commissioner of the U.S. Patent and Trademark Office and any other similar governmental authority in countries foreign to the United States to record the OpCo as the assignee and owner of the applicable Intellectual Property, and to issue any and all patents and trademarks or service market thereon to the OpCo.

3. **Domain Name Registrations.** The Parent agrees to release and transfer possession and control of the Domain Names to the OpCo by initiating the transfer with the current registrar of the Domain Names and performing, in cooperation with the OpCo, all procedures and actions specified by the registrar and completing any documents or forms that may be required by the registrar, including, as necessary, executing any such documents or forms in the presence of an authorized notary public and delivering such documents or forms properly executed to the registrar, with copies to the OpCo.
4. **No Waiver or Modification; Subject to Restructuring Agreement.** Nothing contained in this Instrument will be construed as a waiver or limitation of any of the rights or obligations of the Parties based upon, arising out of or otherwise in respect of the Restructuring Agreement. This Instrument is subject in all respects to the terms of the Restructuring Agreement and is not intended to create any different or additional obligations of the Parties than those contemplated by the Restructuring Agreement. In the event of any ambiguity or conflict between the terms hereof and the Restructuring Agreement, the terms of the Restructuring Agreement will govern and control. No supplement, modification, amendment or waiver of this Instrument will be binding unless executed in writing by the Parties.
5. **Governing Law.** This Instrument will in all respects be construed and interpreted in accordance with the laws of the State of Delaware, without the application of any principles or rules of conflict or choice of law.
6. **Signatures.** This Instrument may be executed in any number of counterparts and by different Parties in separate counterparts, each of which when so executed and delivered will be deemed to be an original and all of which counterparts, taken together, will constitute one and the same Instrument. Delivery of an executed counterpart of this Instrument by fax or other electronic means will have the same force and effect as a manual signature delivered in person.

*[this space left blank intentionally – signature page follows]*

IN WITNESS WHEREOF, the Parties have caused this Instrument to be duly executed and delivered to be effective as of the OpCo Contribution Effective Time.
