FOURTH AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT

This FOURTH AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT, dated as of April 18, 2022 (this “Agreement”), is made by HANESBRANDS INC., a Maryland corporation, and each “Subsidiary Guarantor” listed on the signature pages hereto (each individually “Grantor” and together the “Grantors”), in favor of JPMORGAN CHASE BANK, N.A., as the collateral agent (together with its successor(s) thereto in such capacity, the “Collateral Agent”) for each of the Secured Parties.

WHEREAS, pursuant to the Fifth Amended and Restated Credit Agreement, dated as of November 19, 2021 and (as amended, supplemented, amended and restated or otherwise modified from time to time, the “Credit Agreement”), among the Parent Borrower, the Lux Borrower, the Australian Borrower, the Lenders, co-documentation agents, the co-syndication agents, JPMorgan Chase Bank, N.A., as the Administrative Agent and the Collateral Agent, the joint lead arrangers and joint bookrunners, the Lenders extended the New Term Loans to the Lux Borrower and Australian Borrower on the Closing Date;

WHEREAS, in connection with the Credit Agreement, the Grantors have executed and delivered a Fourth Amended and Restated Pledge and Security Agreement, dated as of November 19, 2021 (as amended, supplemented, amended and restated or otherwise modified from time to time, the “Security Agreement”);

WHEREAS, pursuant to the Credit Agreement and pursuant to Section 4.5 of the Security Agreement, the Grantors are required to execute and deliver this Agreement and to grant to the Collateral Agent a continuing security interest in all of the Trademark Collateral (as defined below) to secure all Secured Obligations; and

WHEREAS, each Grantor has duly authorized the execution, delivery and performance of this Agreement; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees, for the benefit of each Secured Party, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided (or incorporated by reference) in the Security Agreement.

SECTION 2. Grant of Security Interest. Each Grantor hereby grants to the Collateral Agent, for its benefit and the ratable benefit of each other Secured Party, a continuing security interest in all of the Grantor’s right, title and interest, whether now or hereafter existing or acquired by the Grantor, in and to the following (the “Trademark Collateral”):

- (a) (i) all United States trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos and other source or business identifiers, and all goodwill of the business associated therewith, now existing or hereafter adopted or acquired, whether currently in use or not, all registrations and recordings thereof and all

applications in connection therewith, whether pending or in preparation for filing, including registrations, recordings and applications (except for any such applications filed pursuant to 15 U.S.C. § 1051(b) unless and until a “Statement of Use” has been filed in respect of such application) in the United States Patent and Trademark Office, and all common-law rights relating to the foregoing, and (ii) the right to obtain all reissues, extensions or renewals of the foregoing (collectively referred to as “Trademarks”), including those Trademarks referred to in Item A of Schedule I;

(b) all Trademark licenses and other agreements for the grant by or to the Grantor of any right to use any Trademark (each a “Trademark License”), including each Trademark License referred to in Item B of Schedule I;

(c) all of the goodwill of the business connected with the use of, and symbolized by the Trademarks described in clause (a) and, to the extent applicable, clause (b);

(d) the right to sue third parties for past, present and future infringements or dilution of the Trademarks described in clause (a) and, to the extent applicable, clause (b) or for any injury to the goodwill associated with the use of any such Trademark or for breach or enforcement of any Trademark License; and

(e) all proceeds of, and rights associated with, the foregoing (including Proceeds, licenses, royalties, income, payments, claims, damages and proceeds of infringement suits).

Notwithstanding the foregoing, Trademark Collateral shall not include any Excluded Collateral.

SECTION 3. Purpose. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest of the Collateral Agent in the Trademark Collateral with the United States Patent and Trademark Office. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest granted to the Collateral Agent for its benefit and the ratable benefit of each other Secured Party under the Security Agreement. The Security Agreement (and all rights and remedies of the Collateral Agent and each Secured Party thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Release of Liens. Upon (i) the Disposition of Trademark Collateral in accordance with the Credit Agreement or (ii) the occurrence of the Termination Date, the security interests granted herein shall automatically terminate with respect to (A) such Trademark Collateral (in the case of clause (i)) or (B) all Trademark Collateral (in the case of clause (ii)). Upon any such Disposition or termination, the Collateral Agent will, at the Grantor’s sole request and expense, deliver to the Grantor, without any representations, warranties or recourse of any kind whatsoever, all Trademark Collateral held by the Collateral Agent hereunder, and execute and deliver to the Grantor such Documents as the Grantor shall reasonably request to evidence such termination.

SECTION 5. Acknowledgment. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Collateral Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 6. Loan Document. This Agreement is a Loan Document executed pursuant to the Credit Agreement and shall (unless otherwise expressly indicated herein) be construed, administered and applied in accordance with the terms and provisions thereof, including Section 10 thereof.

SECTION 7. Counterparts. This Agreement may be executed by the parties hereto in several counterparts, each of which shall be deemed to be an original and all of which shall constitute together but one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by facsimile (or other electronic) transmission shall be effective as delivery of a manually executed counterpart of this Agreement.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be duly executed and delivered by its Authorized Officer, solely in such capacity and not as an individual, as of the date first above written.
