(iii) (a) all copyrights, rights and interests in such copyrights, works protectable by copyright, copyright registrations, and applications to register copyright; (b) all renewals of any of the foregoing; (c) all income, royalties, damages, and payments now or hereafter due and/or payable under any of the foregoing, including, without limitation, damages or payments for past or future infringements for any of the foregoing; and (d) the right to sue for past, present, and future infringements of any of the foregoing (“**Copyrights**”);

(iv) all registrations and applications for registration for any of the foregoing in the United States Patent and Trademark Office or the United States Copyright Office, as applicable, including, without limitation, the registrations and applications for registration of United States intellectual property set forth in Schedule I hereto (as may be supplemented from time to time), together with all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations thereof;

provided that notwithstanding anything to the contrary contained in the foregoing clauses (i) through (iv), the security interest created hereby shall not extend to, and the term “Collateral” shall not include, any Excluded Assets, including, but not limited to, any intent-to-use trademark applications prior to the filing, and acceptance by the United States Patent and Trademark Office, of a "Statement of Use" or "Amendment to Allege Use" with respect thereto, if any, to the extent that, and solely during the period in which, the grant of a security interest therein prior to such filing and acceptance would impair the validity or enforceability of such intent-to-use trademark applications or the resulting trademark registrations under applicable federal law.

SECTION 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this IP Security Agreement secures the payment of all Secured Obligations of such Grantor now or hereafter existing, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest,

premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this IP Security Agreement.

SECTION 4. Counterparts. This IP Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or other electronic imaging (including in .pdf or format) means shall be effective as delivery of a manually executed counterpart of this Agreement and may be used in lieu of original signature pages for all purposes. The words "execution," "signed," "signature," and words of like import in this Agreement shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 6. Intercreditor Agreement Governs. Notwithstanding anything contrary contained herein, in the event of any conflict or inconsistency between this IP Security Agreement and the Indenture or the Intercreditor Agreement, the terms of the Indenture and/or the Intercreditor Agreement shall govern and control (except that, in the case of any conflict between the Indenture and the Intercreditor Agreement, such Intercreditor Agreement with respect to the applicable Collateral shall control).

SECTION 7. Governing Law; Jurisdiction; Etc. (a) THIS IP SECURITY AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAW OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES.

(b) Each Grantor and each other party to this IP Security Agreement hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of any federal or state court located in the borough of Manhattan in the City of

New York, and any appellate court from any thereof, in any action or proceeding arising out of or relating to any Note Document (excluding the enforcement of the Security Documents to the extent such security documents expressly provide otherwise), or for recognition or enforcement of any judgment, and each of such parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such federal court. Each of such parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(c) Each Grantor and each other party to this IP Security Agreement hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this IP Security Agreement or any other Note Document in any court referred to in clause (b) of this Section 6. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Each Grantor and each other party to this IP Security Agreement hereto irrevocably consents to service of process in the manner provided for notices in Section 13.01 of the Indenture. Nothing in this IP Security Agreement or any other Note Document will affect the right of any party to this IP Security Agreement to serve process in any other manner permitted by law.

(e) EACH GRANTOR AND EACH OTHER PARTY TO THIS IP SECURITY AGREEMENT HEREBY EXPRESSLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS IP SECURITY AGREEMENT OR, ANY OTHER NOTE DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THE NOTE DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 6(e).

IN WITNESS WHEREOF, each Grantor and the Collateral Agent have caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first written above.
