COLLATERAL ASSIGNMENT OF TRADEMARKS

This COLLATERAL ASSIGNMENT OF TRADEMARKS (the "*Assignment*") dated October 24, 2023, is made by JUSTIN VINEYARDS & WINERY LLC, a Delaware limited liability company ("*Assignor*"), for the benefit of THE PRUDENTIAL INSURANCE COMPANY OF AMERICA, a New Jersey corporation ("*Lender*"), to induce Lender to make a loan to Assignor pursuant to the Loan Agreement dated the same as this Assignment and entered into between Assignor as "Borrower" and Lender, and as evidenced by the Promissory Note (the "*Note*") dated the same as this Assignment and executed by Assignor in favor of Lender in the principal amount of \$220,000,000.00. The Note and the Loan Agreement are secured by the Deed of Trust, Security Agreement, Crop Filing and Fixture Filing with Assignment of Rents and Proceeds, Leases and Agreements dated the same as this Assignment and executed by Assignor, as trustor, to the benefit of Lender, as beneficiary (the "*Deed of Trust*").

1. **Assignment.** Subject to Section 2 below, Assignor assigns, grants and transfers to Lender the following (individually and collectively, the "*Trademarks*"):
 - (a) all right, title and interest of Assignor in, to and under the registered United States Trademarks set forth on Exhibit A attached hereto, and all rights to use the foregoing marks, and together with all additions to, and substitutions, renewals, replacements, products and proceeds of the foregoing (individually and collectively, the "*Registered Trademarks*"); and
 - (b) all other trademarks, service marks, designs, logos, wine labels, names or similar identifications used in connection with the Winery Facilities or the wine produced by Assignor with respect to the Winery Facilities (but expressly excluding any of the foregoing to the extent including the word "Wonderful"), whether registered or unregistered, whether now or hereafter existing, and all rights to carry on business under such names, and any related goodwill associated in any way with such names.
2. **Collateral Nature of Assignment.** For so long as there is no Event of Default that is continuing under this Assignment, as defined in Section 6, Assignor shall have the right to assert and use the Trademarks and secure all other rights and benefits provided by virtue of Assignor's ownership of the Trademarks, subject to all of Assignor's covenants set forth in this Assignment. Notwithstanding anything to the contrary contained herein, if and to the extent Lender elects, in its sole and absolute discretion, to waive a then-existing Event of Default in writing, or if an Event of Default is otherwise cured pursuant to the Loan Documents, then in such event, the right granted to Borrower hereunder shall be fully and automatically reinstated without any further action of the parties.
3. **Secured Obligations.** The obligations secured by this Assignment (the "*Secured Obligations*") are the following, which may be discharged by Lender in any order at its discretion:
 - (a) payment of all amounts of principal and interest or other amounts due under the Note, Loan Agreement, and/or the Deed of Trust, and other "*Secured Obligations*" as defined in the Loan Agreement and the Deed of Trust, in accordance with the terms and provisions thereof, as well as any renewals, modifications, replacements or extensions thereof;
 - (b) payment of additional sums, and interest thereon, which may hereafter be loaned to Borrower by Lender or Lender's successors or assigns, when evidenced by a promissory note or notes reciting that the same are secured by the Deed of Trust; and

- (c) performance and discharge by Borrowers of each and every obligation, covenant, promise, and agreement set forth in the Note, this Assignment, the Deed of Trust, and contained in each and all instruments of security executed by Borrowers at any time for the purpose of securing or further securing any indebtedness secured by the Deed of Trust, and any further advances or further or additional loans of any sums hereafter made by Lender to Borrowers during the continuance of this Assignment and secured by the Deed of Trust, or for the purpose of supplementing or amending this Assignment or any instrument or obligation secured by the Deed of Trust.

4. **Assignor's Representations and Warranties.** Assignor represents and warrants, as of the date hereof, as follows:

- (a) Assignor has sole title to the Trademarks and has the full right and power to assign them.
- (b) No person other than Assignor has any right, title, or interest in, under or to any of the Trademarks.
- (c) To the best of Assignor's knowledge, the Trademarks do not infringe the rights of any other trademark owner and there is not any currently pending infringement action threatened in writing by a third party. Assignor uses commercially reasonable efforts to enforce its Trademarks against others who attempt to register or use potentially infringing trademarks in many countries around the world.
- (d) Assignor has not previously sold, assigned, licensed, transferred, hypothecated or pledged any of its interest in the Trademarks, the mark covered thereby, or rights thereunder.
- (e) No consent, license, approval, or authorization is required to be obtained by Assignor in connection with the execution, delivery, performance, validity, or enforceability of this Assignment.
- (f) This Assignment creates in favor of Lender a lien on, and upon recordation in the United States Patent and Trademark Office a perfected security interest in, Assignor's interests in the Registered Trademarks, enforceable against Assignor and all third parties, and is superior in right to any claim, existing or future, which Assignor or any party other than Lender may have with respect thereto.

5. **Assignor's Covenants.** Assignor covenants and agrees, at its sole expense, as follows:

- (a) Assignor shall enforce all rights afforded by the Trademarks, and appear in and defend any action or proceeding arising, occurring out of, or in any manner connected with the Trademarks or the infringement thereof, to the extent required so as to not materially diminish the value of Assignor's portfolio of Trademarks as a whole (the "*Trademarks Portfolio*") and, on request by Lender, to do so in the name and on behalf of Lender but at the expense of Assignor.
- (b) Except as otherwise permitted in the Loan Documents, Assignor shall not pledge, transfer, mortgage, license, or otherwise encumber, hypothecate, or assign any of the Trademarks or any rights thereto or interest therein during the term of this Assignment without Lender's prior written consent.

- (c) Assignor shall maintain each of the Registered Trademarks in full force and effect and timely renew the Registered Trademarks for the maximum periods permitted by law, but only to the extent required so as to not materially diminish the value of the Trademarks Portfolio.
 - (d) Assignor shall not abandon the Registered Trademarks without Lender's prior written consent; provided, however, Assignor may abandon individual Trademarks from time to time, if doing so would not materially diminish the value of the Trademarks Portfolio.
 - (e) Assignor shall not waive, excuse, condone, discount, setoff, compromise, or in any manner release or discharge any party adjudged by a court of competent jurisdiction to be infringing on the rights afforded by any of the Registered Trademarks.
6. **Events of Default.** The occurrence of any of the following is an "Event of Default" under this Assignment and the other Loan Documents:
- (a) Any representation or warranty of Assignor contained in this Assignment is found to be false or misleading when made.
 - (b) Assignor fails to observe or perform any obligation, term, covenant, condition, representation, or warranty contained in this Assignment, and such failure continues for thirty (30) days after written notice from Lender.
 - (c) Assignor abandons of any of the Trademarks without the prior written consent of Lender, to the extent such abandonment materially diminishes the value of the Trademarks Portfolio.
 - (d) There is an "Event of Default" as defined in the Loan Agreement.
7. **Remedies.** Upon the occurrence and during the continuance of an Event of Default this Assignment shall constitute a direction and grant of full authority to all persons and entities to recognize Lender as the assignee of the Trademarks, and Assignor hereby irrevocably authorizes all persons and entities to rely upon and comply with any notice or demand by Lender to be so recognized as the assignee of the Trademarks. In addition, upon the occurrence and during the continuance of an Event of Default, Assignor hereby grants to Lender the following rights:
- (a) Lender shall have the right, but not the obligation, to take any action as Lender may deem necessary or appropriate to protect its security, including without limitation, appearing in any action or proceeding relating to the Trademarks, and Assignor agrees to pay, on written notice, all Costs (including without limitation, Attorney Fees) incurred by Lender in connection therewith, together with interest thereon at the Default Rate set forth in the Loan Agreement.
 - (b) Lender shall have all rights and benefits accruing to Assignor by the terms of the Trademarks, including the right to use the mark covered thereby, and the authority as Assignor's attorney-in-fact, such authority being coupled with an interest and irrevocable, to sign the name of Assignor and to bind Assignor on all papers and documents relating to the Trademarks.

All of the foregoing rights and remedies of Lender are cumulative, and Lender shall also have upon the occurrence of any Event of Default, all other rights and remedies provided under the Note, the Loan Agreement, the Deed of Trust, and all other loan documents executed in connection with the Note, or otherwise available at law or in equity.

8. **Future Trademarks.** Upon Lender's written request, not to be given more than once per calendar year, Borrower shall provide Lender with an updated list of existing Trademarks, and, in the event Lender reasonably determines that additional actions are necessary or desirable to secure Lender's interest in the same, Borrower shall reasonably cooperate with Lender in connection with such efforts.
9. **Indemnity.** Assignor agrees to indemnify and hold Lender harmless of and from any and all Costs, liability, loss, damage, or expense incurred by Lender under or by reason of this Assignment, or for any action taken by Lender under this Assignment, or by reason or in defense of any and all claims and demands whatsoever that may be asserted against Lender arising out of or related to the Trademarks, including without limitation, any claim advanced or alleged in an infringement or invalidity proceeding relating to the Trademark, and any claims or demands that may be asserted against Lender by reason of any action or undertaking on its part to protect against infringement of the rights afforded by the Trademarks; provided, however, Assignor shall be under no obligation to indemnify and hold Lender harmless of and from any liability, loss, damage or expense arising from the intentional conduct or gross negligence of Lender. Should Lender incur any such Cost, liability, loss, damage, or expense, or any expense in the defense of any such claims or demands, the amount of such liability, loss, damage, or expense (including Attorney Fees) with interest thereon at the Default Rate under the Loan Agreement shall be payable by Assignor immediately and without demand, and the payment shall be secured by the Deed of Trust.
10. **Termination of Assignment.** On payment in full of all the indebtedness evidenced by the Note and the Secured Obligations under the Deed of Trust and this Assignment, and except for the provisions of Section 8 which shall continue in effect, shall terminate; but the affidavit, certificate, or statement of any officer or authorized representative of Lender showing any part of the indebtedness to remain unpaid, or the performance or discharge of the Secured Obligations to be incomplete, shall be and constitute conclusive evidence of the validity, effectiveness, and continuing force of this Assignment. Any person may and is authorized to rely on any such affidavit, certificate, or statement.
11. **Notices.** All notices, demands and other written communications hereunder shall be deemed to have been properly given (a) upon delivery, if delivered in person, (b) one Business Day after having been deposited for overnight delivery with Federal Express or another comparable overnight courier service, (c) three Business Days after having been deposited in any post office or mail depository regularly maintained by the U.S. Postal Service and sent by registered or certified mail, postage prepaid, or (d) by e-mail to the e-mail address for that party specified below, or at such other place, e-mail address, or designation the parties, as the case may be, may from time to time designate in writing, provided a hard copy of such notice is also sent within one Business Day of such e-mail notice and delivered by another method and within the time specified in this Section 10. Notices given by (d) above shall be deemed to be effective on the date the e-mail is received, however, if the time of the deemed receipt is after 5:00 p.m. Pacific Time on a Business Day it is deemed to have been received at the commencement of business on the next Business Day. Such notices, demands and other written communications shall be addressed as follows, or to such other address or e-mail address as such party may from time to time hereafter designate by written notice to the other parties.
