TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT is made as of January 12, 2024, by and between SIGMA ADDITIVE SOLUTIONS, INC., a Nevada corporation (“*Seller*”), and Divergent Technologies, Inc., a Delaware corporation (“*Buyer*”). Seller and Buyer are parties to a certain Asset Purchase Agreement dated as of October 6, 2023, (the “*Asset Purchase Agreement*”). Capitalized terms used without definitions herein shall have the meanings ascribed to such terms in the Asset Purchase Agreement.

WHEREAS, Seller has agreed to sell to Buyer, and Buyer has agreed to acquire from Seller, all of Seller’s rights, title and interest in and to the trademarks and/or service marks identified in Schedule A attached hereto (the “*Marks*”); and

WHEREAS, the parties accordingly wish to execute this recordable instrument, assigning all of Seller’s right, title and interest in and to the Marks to Buyer;

NOW, THEREFORE, for valuable consideration set forth in the Asset Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, Seller and Buyer agree as follows:

1. Seller hereby assigns, transfers and conveys to Buyer all of its right, title and interest in and to the Marks, including without limitation any and all registrations, applications, and/or common law rights for the Marks throughout the world, together with all of the goodwill of Seller’s business symbolized by or associated with the Marks, and any and all income, royalties, damages and payments now or hereafter due and/or payable with respect thereto including, without limitation, damages and payments for past, present or future infringements.

2. This Trademark Assignment is subject to the terms and conditions of the Asset Purchase Agreement and this Trademark Assignment shall not be deemed to limit, enlarge or extinguish any obligation of Seller or Buyer under the Asset Purchase Agreement, all of which obligations shall survive the delivery of this Trademark Assignment in accordance with the terms of the Asset Purchase Agreement, and to the extent there is any conflict between this Trademark Assignment and the terms and conditions of the Asset Purchase Agreement, the Asset Purchase Agreement shall control.

3. This Trademark Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
