I went to cvs looking for pads and I was a bit hesitant to get a cvs brand pad but I though what's the harm I can buy more. They worked great, super comfortable, it feels like it's not even there. Super absorbent and overall great.

I would like this pad to be a little thinner. The light absorption is too thin

Theses are great. Absorbs very well and locks away odor. They are soft and thin. Best liners I've tried so far. And I've tried all types of liners. Definitely will continue to buy these.
