**If estimated payment is made monthly and you have no other balance on your account, you can pay the promotional balance within the promotional period to avoid interest charges. The required minimum payment due on your monthly billing statement will be less. If you pay only the required minimum payment shown on your billing statement, you'll have to pay the accrued interest from the date of purchase at the standard variable purchase APR of 28.99%, based on the Prime Rate. The payment shown was calculated using the following assumptions and purchase will be paid in full before the end of the promotional period: payments are made each period; no debt cancellation or suspension agreement applies to the Account; no taxes, shipping, or ancillary charges are or will be added to the Account; goods or services are delivered on a single date; and you are not currently and will not become delinquent on the Account.
